

# FEAR OF BAD EFFECT ON PRICES OF GRAIN HAS NO SOUND BASIS

A fifty-mile gale prevailed all day to the night. The ice carried away sections of both ferry docks on the American and Canadian sides. Considerable damage was done in the city by being blown down and telegraph communication between the city and many places was shut off. The weather prevails. The temperature dropped 33 deg. during the night.

Mr. John D. Rose, her son and granddaugther, were on their way to church when they were caught in high water and drowned. The body of Mrs. Rose and her granddaugther have been recovered, but that of son is still missing.

All of the creeks and rivers in this section are on a rampage as a result of the heavy rains of the last thirty six hours.

## GANG OF SAFE BLOWERS AT WORK IN THE CITY

Expert Cracksmen Blow Safe in Feed Store and Get \$30.

Believed to Be Same Men Who Burglarized Home Laundry.

The safe in the feed store of J. C. McHugh, 222 East Superior street, was cracked some time last night by what the police believe to be expert safe-blowers. The thieves secured \$30 in cash.

The safe, which is a small one about two feet square, was carried or rolled from the front office into the store-room at the rear. There it was covered with horse blankets, gunny sacks

and feed to deaden the explosion. The job was a neat one, done evidently by men who knew their business.

The burglars are thought to be the same who blew open the safe in the home laundry in the West end last week. When they got away with \$125. Both pieces of work were done in nearly the same manner, and the same amount of care was exercised to escape detection. In the laundry the sound of the explosion was deadened by parcels of laundry, while in the feed store sacks and blankets in the place were applied for the same purpose.

Until last week the last safe blowing job was attempted at the Manhattan wine house on West Superior street. The cracksmen were seen working on the door of the safe early in the morning about two months ago, but he made his escape before the police arrived, having been notified to get out by an accomplice who was stationed as a lookout in front of the place. The safe contained over \$1,000 in ready cash.

One theory is that the criminals have come from some city in the East and are making Duluth their headquarters, working on the safe in smaller tributary towns. Several towns have reported safe blowings or attempted entrances and they have been connected with the men who have made their name in the city. It is asserted by some that they are all in the same gang.

## HIGH SCHOOL NOTES

The spirit of examination time has come over the Central high school. All social pleasures have been laid aside for the time being and the students, particularly the seniors, are "grammings" daily for the remaining tests of the present semester. Instead of having a single long examination this year the tests have been divided into several short ones, each covering only a part of the semester's work.

The seniors have completed nearly half of the final examinations and next week will witness the close of these and also the first semester.

The sophomore class met Wednesday. William Euler was elected class historian. A letter of thanks from John Wagner, for the factors rendered him by the class, was read by President Richard Cullen. John Wagner has not yet recovered from a severe injury to his ankle, received in the annual freshmen-sophomore football game and is still a patient at St. Mary's hospital.

The musical society met Tuesday. Miss Battson of Superior was the soloist. The annual mid-year concert has been delayed because of the fact that there is not a suitable platform in the assembly hall. Mr. Cushman has stated that, as soon as one is erected, an excellent program will be given.

The work of selecting the cast for the senior play is progressing rapidly and in all probability will be announced this week. Rehearsals will begin immediately after the close of the first semester.

Miss Gladys Cline of the '99 class was a visitor at high school during the

week and has been renewing old acquaintances.

Russell Holgate, '05, visited the school Thursday.

The Forum held an enthusiastic meeting Friday. An interesting debate on "Industrial Insurance" was given. Nathan Cohen and Howard Sukeforth upheld the affirmative and Laurence Dow and Seward Kempton the negative. Roger Lerch, Ivan Northfield and Jesse Cohen acted as judges. Many interesting arguments were given for and against industrial insurance and the affirmative side won by a unanimous decision of the judges.

It was moved and carried that the Forum members have their pictures taken for the Forum.

The Forum members are getting the right spirit toward athletics. A motion was made that the Forum attend the next basketball game in a body. The motion was laid over until next meeting.

The Junior high is only two weeks off and the students are eagerly awaiting the occasion. There is a rumor among the Juniors that their party is going to be the finest of the present year.

The Zenith board is gathering up its work rapidly. Already ten of the graduation pictures have appeared at school and the different committees report that they have their work well in hand.

## IOWA DEMOCRATS TO HOLD A CAUCUS

Will Determine Plan for Casting Their Votes in the Future.

Des Moines, Iowa, Jan. 30.—Democrats in the Iowa legislature are planning a caucus tonight to determine whether to cast their votes for United States senator for various Democratic leaders or scatter them among the Republicans so as to confuse the latter. Heretofore the Democratic vote has gone to Claude R. Porter, who today requested that other Democrats be given a complimentary ballot.

Twenty-eight absentees in the Iowa legislature today afforded several changes in the totals of each candidate but they were not of making importance. There is no indication of a break in the deadlock.

Today's vote follows: Kenyon, 38; Young, 22; Funk, 21; Porter, Dem., 28; absent, 23; necessary to elect, 65.

## MELON FOR STEEL COMPANY EMPLOYEES.

A special melon will be cut soon for the employees of the United States corporation who have held on to the stock they subscribed for five years ago. It will consist of the accumulation of dividends and bonuses on stock which was held by those who have dropped out of the profit-sharing plan of the corporation.

Although only a very small percentage of those who went into the profit-sharing plan five years ago have dropped out, the accumulation of the 15 yearly bonus and the dividends on their stock is considerable. The dividends and bonuses received by those who continued in the plan will be increased by a substantial amount, it is expected, by the extra bonus.

## NEW STEAMER WILL BE LAUNCHED FEB. 11.

The steamer William C. Agnew, a new freighter which is being built at Lorain for the Buffalo Steamship company, will be launched Feb. 11 at the shipyard and will make her first trip to Duluth in the spring.

She will be one of the finest vessels on the Great Lakes. The passenger accommodations will be of the best, \$15,000 having been appropriated for them alone. Each stateroom will be supplied with a bath and the furnishings will be handsome and substantial.

## WILL ATTEMPT TO GET BACK "S. R. O." BUSINESS.

New York, Jan. 30.—Disaffected with the recent order of Fire Commissioner Waid which put the "standing room only" signs of New York City in the hands of business, theater managers declared today they would seek legislation to give them back the privilege of selling standing room in their houses.

A meeting of the managers' association has been called for tomorrow when the matter of legislative relief will be taken up.

## DULUTH SHOP COURTS ARE EXPENSIVE

Details of Plan Will Be Presented to Public Affairs Committee.

First of the Series Will Be Held Friday Afternoon.

There will be a meeting of the public affairs committee of the Commercial club this evening, to which all club members are invited, according to the custom, and at which important subjects will come up for discussion and disposition.

The publicity committee will make its report on plans for the shop excursion for which it is arranging and those attending the meeting will have an opportunity to learn the details of the scheme.

The first shop excursion of the series, which is designed to give Duluthians a chance to learn what is done in Duluth, will be held next Friday and will start from the Commercial club at 1:30 o'clock. The Lake avenue district will be visited.

The publicity committee will also bring to the attention of the public affairs committee the suggestion for a gigantic electric sign to be placed on the hillside, the lettering to flash forth a Duluth slogan. The Herald is offering a cash prize of \$10 for such a slogan as may be chosen by a board of judges to be designated by the Commercial club. Suggestions have already begun to pour in, but as arrangements have not been completed for the proper handling of them, their publication will be deferred for a day or two, until the arrangements are made, the suggestions being numbered in the order of their receipt, so there will be no dispute as to priority in the awarding of the prize.

Another important subject that may come before tonight's meeting concerns the proposal that Duluth co-operate with Superior for the purpose of establishing a Tri-State fair in that city, to be held annually. There have been conferences between the representatives of the Commercial clubs of the two cities and the Duluth committee is expected to report on the subject.

The committee also will discuss proposals occupying the attention of the several committees of the club that probably will receive attention this evening.

A supper, beginning at 6 o'clock, will precede the meeting.

## NEW TERRITORY FOR JOBBERS

Legislature Will Proceed to Elect U. S. Senators a Second Time.

Charleston, W. Va., Jan. 30.—Peace having been restored in the West Virginia legislature, the senate and house met today to begin their delayed task of electing two United States senators, and listening to the governor's message.

Due to the ultimatum of Governor Glascock, who refused to sign the senatorial commissions of William E. Culliton and Clarence W. Watson until the Republicans voted on senatorships, it was expected here today that two more ballots would be taken Tuesday or Wednesday.

The governor's biennial message was read in today when the sessions opened.

## CAPT. PETER HAINS, JR., RESIGNS FROM ARMY.

Washington, Jan. 30.—President Taft has accepted the resignation from the

army of Capt. Peter C. Hains, Jr., coast artillery corps, effective Jan. 28. Capt. Hains is serving a penitentiary sentence for the murder of William E. Annis at Bay Ridge, N. Y., in 1908.

Who has achieved distinction in the world of science by inventing a device to lessen the danger of collisions at sea. By the aid of the Westinghouse invention the engines of a great steamship can be reversed instantly by the adjustment of a single lever on the bridge. Mr. Westinghouse is now 64 years of age.

## BEING TRIED FOR BURGLARY

Robert Walden Accused of Having Broken Into Duluth Store Building.

The case of the state against Robert Walden for burglary in the third degree, is going on before Judge William A. Cant and a jury in district court today.

Although but 25 years old, Walden has a long record. He has spent a greater part of his time since he was 11 years old in the training schools and reformatories.

On this occasion he is accused by the January grand jury of having broken into the building at No. 17 Fifth avenue west with intent to steal. The store at that number is operated by Louis Siedn, who is the complaining witness in the case.

In a letter to Chief of Police C. H. Troyer, Supt. Randall of the state reformatory says that he is not surprised that the young man is in trouble again. While confined at the reformatory he figured in a free-for-all fight which prolonged his time somewhat.

He has been paroled several times and returned, it is said.

## WILLARD MACK AND MAUD LEONE RETURN.

Willard Mack and Maud Leone, old favorites in Duluth, will open a stock engagement at the Loysom next Sunday night. The engagement to continue for an entire time. Mr. Mack and Miss Leone are very well known here, having played in stock in Duluth several seasons. They and their company have been in Salt Lake City recently and come to Duluth direct from the Mormon metropolis, where they have had a very successful run.

## NOT EXEMPT.

Taxes Must Be Paid on the Automobiles of the President.

Washington, Jan. 30.—President Taft's four automobiles are not exempt from the registration tax of Maryland. Secretary Norton, in applying for license to Automobile Commissioner John E. George of Maryland, omitted to enclose a check for the fees and the latter requested the executive department to forward the requisite amount.

## NEW ORLEANS ARGUED BEFORE COMMITTEE.

Washington, Jan. 30.—For an hour today representatives of New Orleans poured into the ears of the senate committee on industrial expositions, arguments to show why that city should receive the recognition of congress as the place for an exposition in 1915 to celebrate the opening of the Panama canal.

Wednesday the rival claims of San Francisco will be presented to the committee.

Mayors Behrman, Sol Wexler and T. P. Thompson made the arguments for New Orleans. Governor J. Y. Sanders of Louisiana was to have appeared but was prevented by illness.

## EDWARD MOORE IS BURIED AT FARGO, N. D.

Fargo, N. D., Jan. 30.—(Special to The Herald.)—The funeral of Edward J. Moore, son of E. J. Moore, the grand recorder of the A. O. U. W. of this state, took place this morning at 10:30 from the Broadway Methodist church, the services being conducted by Rev. C. E. Sewry. The pallbearers were selected from the members of the Alpha Nu society of the Agricultural college of which organization the deceased was a member, and the interment was made in Riverside cemetery.

Eau Claire, Wis., Jan. 30.—Mr. Richard

and Garbett Kirkbride, who has been assisting the Rev. Philip Henry Linley, rector of Christ the morning services at the church yesterday, was ordained to the diaconate by the Rt. Rev. William Walter Webb, D.D., bishop of Milwaukee.

## FARGOAN DIES SUDDENLY.

Fargo, N. D., Jan. 30.—A. B. Walker, a prominent insurance man of Fargo, died Saturday afternoon very suddenly of acute angina pectoris at his office.

Deceased was 53 years old and came to this country from England about 1880 and had been a resident of Fargo ever since. He had been engaged in the fire insurance and real estate business during his life time here and was universally respected and admired by all who knew him for being a generous, kind hearted and noble man.

He was married, but had no children, although his wife had one son by a former marriage.

Boston, Mass., Jan. 30.—A copy of the will of Mrs. Mary Baker Eddy was filed in the office of the Suffolk county probate court today. There is nothing in the petition to show the value of the property owned by Mrs. Eddy in Boston.

## INDIANA WOMAN CORN HUSKER.

Clay City correspondence Indianapolis News: Miss Margaret Hoffman, age 21, who lives at Prairie City, is regarded here as the queen of Indiana corn huskers. She husked corn two bushels a day for five consecutive days this fall and hopes to husk 100 bushels a day next year. Here is what she says about herself:

"This fall I engaged to gather a crop of corn for a neighbor, Mrs. Armstrong. I worked five days in succession, averaged seventy-two bushels of seventy pounds weight a day, and unloaded the corn. I was in every evening and unloaded by 5 o'clock. I like the work very much—think it fine. It is now my intention to go to the cornfields of Illinois next fall for the season, as I am ambitious to make a record of 100 bushels a day for a few days but for the harvest."

"THE CALL  
OF THE WILD"

Drama of the Western Plains  
Pleases Lyceum  
Audience.

Reared in the wilds by the Indians who found him there in infancy, John Ermine had much to learn of the civility of civilization, and the story of his romantic wooing of an army officer's daughter in an environment of exciting events and elemental forces as told at the Lyceum last night proved to be an enthralling drama.

"The Call of the Wild," with Franklin Woodruff in the leading part, pleased a large audience and justified all the praise it had been given in advance of its coming here. The play is based on Frederick Remington's novel, "The Call of the Wild," and is a story of a man's life in the wilderness, and his struggle to survive in a hostile environment.

The story of the play is that John Ermine, a young man who was found in the wilderness by the Indians, grows up to become a man of great strength and courage. He is attracted to the life of the wilderness and the hunt, and he eventually becomes a leader of the Indians. The play is a story of the struggle for survival in a hostile environment, and it is a story of the triumph of the human spirit over the forces of nature.

Protesting that she could not for a moment consider the possibility of marrying a man sprung from the wilderness as he was, who sends him from her side in his despondency, she resolves to return to Crooked Bear and his other Indian friends, but is interrupted in his regretful reverie by the entrance of Katherine into his cabin. Ermine, with the idea that she had treated him with utterly unjustified discourtesy, for the purpose of making her refusal less wounding, but their conversation ends in a quarrel, and Katherine, fearing that Katherine's presence would give the impression of a quarrel, leaves her in a hasty manner.

Ermine, with the idea that she had treated him with utterly unjustified discourtesy, for the purpose of making her refusal less wounding, but their conversation ends in a quarrel, and Katherine, fearing that Katherine's presence would give the impression of a quarrel, leaves her in a hasty manner.

Protecting Katherine from evil suspicion, Ermine hurries her secretly to her father's quarters and when she is alone, he tells her the circumstances. The girl, at the last moment, changes her mind and decides to stay with Ermine. COMEDY SKETCH  
THE FEATURE

## "A Matrimonial Substitute"

Comedy Hit of Good  
Empress Bill.

There is a lot of clean, wholesome comedy at the Empress this week and while Arthur Lavine's musical production of "The Flying Dutchman" is the most elaborate number and was advertised as the headline, it did not produce the laughs that the farcical "A Matrimonial Substitute," which George P. Moore and Florence Elliott were responsible for, nor did it draw the applause that Biglow and Campbell, ragtime musicians, were given, elaborate as the headliner was.

Miss Elliott, the third star of the comedy, was under the influence of the arrival of the "substitute" in and tries to make a play of it. The girl mistakes him for the "substitute" and the fun begins. The play is a story of the struggle for survival in a hostile environment, and it is a story of the triumph of the human spirit over the forces of nature.

## SITUATION IS PECULIAR

(Continued from page 1.)

Gompers, president of the federation, must spend a year in jail; John Mitchell, who was president nine months ago, must spend a year in jail; and Frank Morrison, secretary six months ago, must spend a year in jail.

Just before the court adjourned last week the original contest between the company and the Federation had come to a close. The court ascertained that the latter was no longer boycotting the former and therefore that it was not necessary to determine whether the courts of the District of Columbia were right in issuing injunctions against the "boycott."

Although the contempt proceedings for an alleged violation of the injunction to the attention of the lower court, the manufacturer was not to be permitted to drop it. Though peace had come to the principal there was no evidence that the boycott was not in earnest in arguing the "contempt" case.

They took the position that in order to decide the contempt case it was necessary for the court to decide whether the boycott was in earnest in arguing the "contempt" case.

# ON THE IRON RANGES

## MASKED BALL BY VIRGINIA RED MEN

First Annual Affair to Be Given By Haymakers' Lodge Feb. 14.

Virginia, Minn., Jan. 30.—(Special to The Herald.)—Haymakers' lodge, No. 832, Independent Order of Red Men, is making elaborate preparations for its first annual St. Valentine masked ball to be given on the night of Feb. 14, in the Finnish Temperance hall. The committee on arrangements consists of Leroy Edwin Joseph, chairman, J. P. Chalmers, W. R. Byrne and R. J. Thompson. Mrs. Wiley of Superior will be at the European hotel on the 14th and 15th, with a line of costumes, which will be for rent at the occasion.

The Boys Military band will give a dancing party at the Pay open house on the night of Feb. 2, for the purpose of raising funds to purchase uniforms for the members. The boys have been practicing twice each week and for new beginners are able to produce some very fine music.

The masked ball given by the Yeoman lodge at North Pole hall Friday night was an enjoyable affair and largely attended. Miss Agnes Lepant, as a Japanese lady, was awarded first prize, Leroy Edwin, as an Indian chief, second prize, and M. C. White captured the comic prize, in representation of a rube.

The dance scheduled for last Friday night by the Modern Woodmen of America was postponed on account of the death of Elmer Mattson, one of its members. The dance will take place on Feb. 10.

## EVELETH MAY GET THE FIRST CHURCH

German Lutherans Favor Building Range Church in That City.

Eveleth, Minn., Jan. 30.—(Special to The Herald.)—Local German Lutherans gathered at the Swedish mission church last evening, to hear Rev. Herman Drews of Duluth, speak on the need for a range German Lutheran church. All were impressed with his remarks, and efforts will be made to erect a church here for the German Lutheran worshippers who reside here and in the adjoining towns. The German Lutheran faith is the only one not represented with a church on the range, and the local German Lutherans believe that if strong aid can be secured in the surrounding towns, that it will be possible to erect a church here this year.

## MANY SEEKING TOWNSHIP JOBS

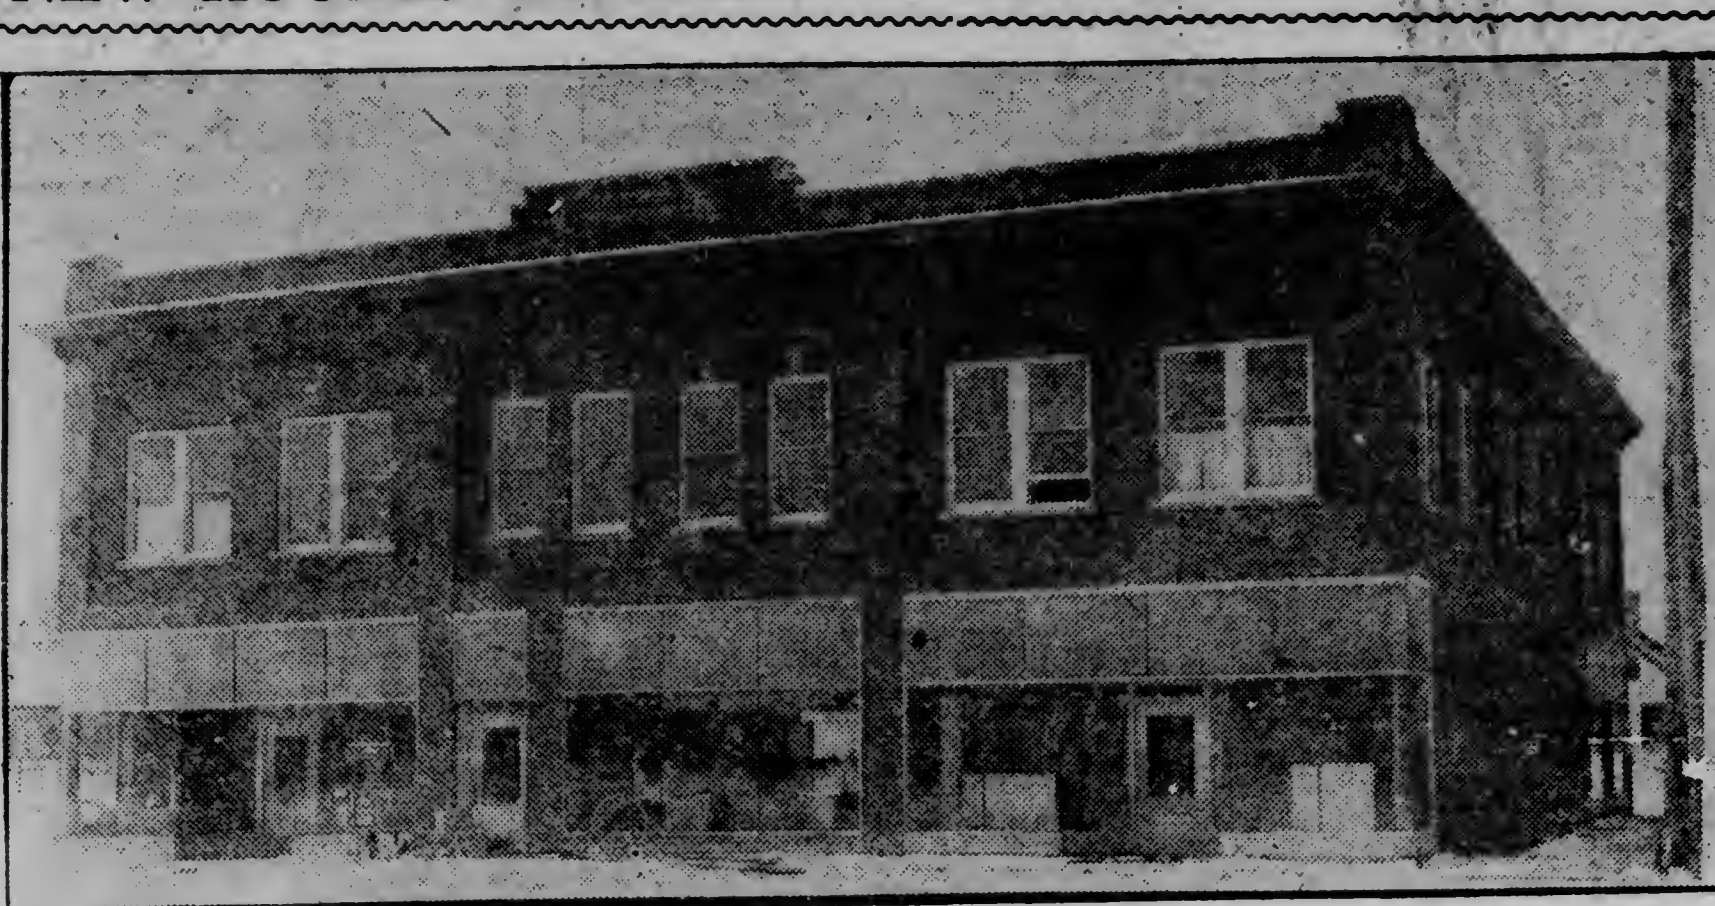

Candidates Not Lacking for Missabe Mountain Township Positions.

Eveleth, Minn., Jan. 30.—(Special to The Herald.)—Next to kicking over the census fiasco, the people of this locality are most absorbed in the Missabe Mountain township election to be held March 7. There are plenty of candidates, but as stated in previous dispatches the annexation of outlying districts by Eveleth will prevent many local people being candidates.

A. E. McInnis, who recently resigned as justice of peace of the township, will run for the township board, a position now held by S. E. Heips of Eveleth. C. Fulton of Gilbert is also being talked of for the position.

J. B. Thompson of Gilbert will file for the township board, Anthony Erlov, overseer of highways, and Anthony Erlov, overseer of highways, and Anthony Erlov, overseer of highways.

## NEW HUGHES BUILDING AT GRAND RAPIDS, MINN.

SUBSTANTIAL BUSINESS STRUCTURE AT ITASCA COUNTY SEAT, 75x90.2 FEET, TWO STORIES, OF BRICK AND STONE, RECENTLY CONSTRUCTED AT A COST OF \$35,000.

Robert Masterson, Alderman Herman Bonas and Anton Erlov, all of Gilbert, will try for the position now held by Mustar. Mayor Peter R. Cosgrove of Gilbert expects to file for the position of supervisor, now held by Thomas J. Tremore, also of this city. David M. Mouser and Thomas Flannigan, both of Gilbert, are the supervisors that will hold over.

The contest that promises to be interesting will be for justice of peace, now held by Edward Moylan of this city. Two justices of peace are to be elected, but as yet no one has filed for the offices. A. E. McInnis of Gilbert, who was elected justice of peace last year, will not be in the race. An effort will be made to have J. C. O. Welch of Gilbert file for the justice'ship.

The Gilbert village election, which will be held on the same date as the township election, also promises to be very interesting and many candidates are already in the field. J. R. Rupp, a Gilbert jeweler, is being mentioned as a candidate for the village presidency, now held by Peter R. Cosgrove. Cushman R. McQuade, is an avowed candidate for village treasurer, while Village Clerk David M. Mouser expects to try for re-election.

## MINING MAN IS GIVEN FAREWELL

Retiring Superintendent of Burt-Sellers Presented With Silver Service.

Hibbing, Minn., Jan. 30.—(Special to The Herald.)—The Oliver club was the scene of a very brilliant gathering Saturday night, the occasion being a farewell smoker and testimonial to C. S. Simpson, who has resigned as superintendent of the Burt-Sellers mine to leave for California. He was given a magnificent silver service, the presentation speech being made by H. H. Angst, Supt. W. J. West of this city also voted the well wishing of the employees and members of the company for the retiring official. A splendid musical program was given, one of the features being the trio by H. H. Angst, W. J. Spensley and J. P. Murphy. Two very fine vocal solos were rendered each by H. H. Angst, and W. J. Spensley. The parody on "Auld Lang Syne" particularly delighted the visitors. Several of the high officials of the Oliver Iron Mining company from Duluth came up for the occasion, among them being Messrs. J. C. Ott, Harding, Swift and others. The new superintendent of the Burt-Sellers is W. E. Follenz, and many hearty congratulations have been given to the fortunate young official on the important appointment. After the speech-making and music were concluded a very fine supper was served to all present.

HIBBING NEWS NOTES.  
Hibbing, Minn., Jan. 30.—(Special to The Herald.)—The sewing guild of the

Episcopal church will meet on Wednesday at the home of Mrs. Dodd, 201 Second street.

It has been decided to hold the song recital of the Ladies' Saturday club on Feb. 3 at the high school auditorium. Alfred Wiley of Minneapolis will be one of the leading features and will be assisted by Lyle Boynton of Hibbing.

Mrs. Mason, wife of the veterinary surgeon here is getting better after her attack of the grip.

Miss Gilchrist of Minneapolis, who spent the week-end with Mrs. W. C. Harrold returned on the noon train Sunday.

\$2,000 GILBERT FIRE.  
Michigan Avenue Home Is Destroyed During Bitter Cold.

Gilbert, Minn., Jan. 30.—(Special to The Herald.)—During the bitter cold, the firemen were called out to fight a fire in the home of Gust Kivista on Michigan avenue. The firemen found the flames beyond control when they arrived and devoted their efforts to saving the residence adjoining, a space of but ten feet being between it and the burning structure. None of the furniture was saved.

The building was a two-story one, 35x50 feet in size and was occupied by two women only, who were compelled to flee into the biting air, thinly clad.

There were damages of \$2,000 with insurance of \$1,000.

Kivista, the owner, was in the woods logging, and knew nothing of the loss. A residence on the same lot burned to the ground a year ago with no insurance.

## OFFICIAL MAP OF THE WEATHER

FORECAST TILL 7 P. M. TUESDAY.  
For Duluth, Superior, and other points on the coast, including the Mesaba and Vermilion ranges, the forecast is: Fair, with a light breeze, and a few clouds, with a temperature of 5 to 15 degrees above zero, moderate winds, mostly southwesterly.

A drop of 43 deg. in temperature is uncomfortable at any time, but when that drop is from 30 deg. above to 13 deg. below zero, it's a down-right mean trick for the weather man to play on any community. Duluth is no exception. Duluth has a decline of 53 deg., but that is the only place on the weather map at which Duluth's record was surpassed. Except for a brisk wind, yesterday was a fine day until the weather man started to force the mercury down the tube late in the afternoon. Fair and warmer weather is predicted for tonight and tomorrow.

Cold weather also prevailed a year ago today. The sun rose this morning at 7:55 and it will set at 5:03, giving nine hours and thirty-three minutes of sunlight.

Mr. Richardson makes the following comment on weather conditions: "Much colder weather prevails this morning over Ontario, the Lake region and the northern part of the state, and Mississippi valleys in connection with a high pressure area central this morning over the latter district. The temperature fell 30 to 40 deg., and to zero or below in Minnesota, Wisconsin and Western Ontario during the last twenty-four hours. The cold wave will

be of short duration as rising temperature is indicated for tonight and Tuesday in St. Louis and Douglas counties. The low pressure area over Alberta is causing much warmer weather over the extreme Northwest and from thence southward over the Rocky mountains. This depression also caused rain or snow to the westward of the Rocky mountains. A disturbance central Sunday morning over Lake Superior has advanced to the North Atlantic coast and has attained marked intensity, its easterly movement resulting in strong westerly winds throughout the Lake region and rain or snow in most districts east of the Mississippi river during the last twenty-four hours. Some what warmer weather prevailed this morning in Atlantic coast states."

General Forecasts.  
Chicago, Jan. 30.—Forecasts for the next twenty-four hours ending at 7 p. m. Tuesday:  
Upper Michigan—Fair tonight and Tuesday; rising temperature.  
Wisconsin—Fair tonight and Tuesday; rising temperature.  
Minnesota and Iowa—Fair tonight and Tuesday; rising temperature.  
North Dakota—Unsettled with local showers tonight or Tuesday; warmer tonight.  
South Dakota—Unsettled and warmer tonight; Tuesday unsettled with rain or snow.  
Montana—Local snows tonight or Tuesday; warmer tonight in east portion.  
Shippers' forecast: Protect thirty-six-hour shipments of perishables against temperatures 5 deg. to 20 deg. above zero in the Eastern Dakotas.

ELY HIGH WINNERS.  
Defeat Eveleth High Quint at Basketball 25 to 10.

Eveleth, Minn., Jan. 30.—(Special to The Herald.)—The high school basketball team Saturday at Ely met their first defeat of the season, at the hands of the Ely high school, 25 to 10. The Ely team, which ended with a 9 to 4 score with Ely in the lead, the locals were discouraged and played poorly.

Announcements of the engagement of Miss Anna Melow of this city to David Shapiro of Stevenson, formerly of Eveleth, have been received.

## A Good Breakfast Post Toasties

Gives a "sunshiny" feeling and makes the world look brighter.

Just try this food with cream or milk, and a little sugar if you like.

It is made of the nutritious part of pearly white corn—skillfully cooked, sweetened, rolled into thin bits and toasted to a "brown."

Post Toasties have a dainty flavour quite beyond description.

## LAW MUST BE AMENDED

South Dakota Is Planning  
Changes in Initiative, Referendum and Recall.

Former Duluthian Is Now a  
Newspaper Editor at  
Northville, S. D.

John H. Le May, editor of the Journal at Northville, S. D., and a former well known resident of Duluth, has been spending a few days in the city, returning to his home this afternoon.

"I haven't been in Duluth since 1893, and to say that I am amazed at the wonderful progress made by the city is to put it mildly," said Mr. Le May. "The manner in which the town has been built up is a wonderful thing. The contrast between what was when our family lived on Lake avenue in the 80s and what is now, strikes me very forcibly."

Asked how the initiative, referendum and recall law is working out in South Dakota, Mr. Le May said that while it is admittedly a new thing, it is in need of immediate amendment, because under the present system has entailed a burdensome expense.

"In the first place," said he, "the law provides for two elections, the preliminary in the spring and the general election in the fall. This is a bad feature, as it doubles the expense. Now it is proposed to have but one election at which the voter can mark his ballot for anyone he pleases, with one exception, as to party designations."

The referendum has been the source of many additional items of expense. At the last election the ballot was ten feet in length, contained the text of the laws upon which the people were to vote. This defect will be cured, it is believed, by the legislature, which is now in session. It is proposed to amend the law so that instead of publishing the ballot in the newspapers for the information of the voters, the state auditor shall supply to the auditor of each county pamphlets containing the proposed laws, and that the auditor shall mail to each voter on the polling list a copy of the pamphlet. Thus it is argued, will be possible for the voter to determine in advance how the law will be amended, and the measure submitted will be designated on the ballot only by number and title. Such an amendment would, it is estimated, decrease the cost to \$100,000.

Mr. Le May, besides being publisher and editor of the Northville Journal, is interested in the management of large agricultural interests in South Dakota, and he takes an active interest in the political affairs of his county and state. He was formerly an employee of The Herald, in the mechanical department.

NO DECREASE  
IN INTEREST  
Attendance at Free Sunday  
Concerts at Masonic Temple  
Continues Large.

Judging by the attendance and applause there seems to be no decrease in the interest in the free concerts given by the Scottish Rite Masons at the auditorium at Masonic Temple, each Sunday afternoon.

Yesterday the soloist was Miss Jean Wainwright, who acquitted herself well and pleased the audience immensely. Her clear soprano voice, inclined somewhat to the contralto, was well suited to the pieces sung.

The first number, "Drifting to Dreamland," by Hayley, gave her the opportunity to show her sympathetic appreciation of the piece. Her clear soprano voice, inclined somewhat to the contralto, was well suited to the pieces sung.

EX-STATE TREASURER  
BICKFORD BOUND OVER.

Bismarck, N. D., Jan. 30.—Former State Treasurer G. L. Bickford, Saturday afternoon, was bound over to the district court on a charge of having embezzled over \$60,000 of the state funds during the time he has been in office for the past two years.

The preliminary hearing before the justice of the peace has lasted for two days and was hard fought every inch of the way. There was objection raised to nearly every question asked of witnesses and the judge was kept busy making rulings.

# Do You Know Where the Best Values Are to Be Found?

If you made comparison of the actual goods? Have you ever compared finish with finish, construction with construction, style with style, and after these comparisons compared prices in this store and others? If you have, you have been among the large number who come back to this store to place their orders.

You'll find a different quality and a different kind of furniture here; you can select from exclusive lines that no other Dutch store carries; that's why your home will look different; it will look out of the ordinary and be better furnished; still a no greater cost than you have to pay in the small stores.

This is possible in this store, because you are not helping pay a big rent when you buy here. Low prices do not mean cheap quality. Most people appreciate quality; it is remembered long after the price is forgotten. We own our own store building. What is added in most ordinary stores to help pay a big rent, is **given to you in better quality** at this store. Be sure you know where the values are best.

## STOMACH MISERY JUST VANISHES

No Indigestion, Heartburn,  
Gas or Dyspepsia Five  
Minutes Later.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapiesin in the house handy? This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach live minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapiesin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes, and relieves at once such miseries as belching of gas, eructations of sour, undigested food, nausea, headache, dizziness, constipation and other stomach troubles.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have almost made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer. This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to Gas and Stomach poison, which putrefies in the digestive tract and intestines, and, besides, poisons the blood with noxious odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.

## NEWS OF THE NORTHWEST

### THEY FEAR FREE WHEAT

Grain Raisers of Red River  
Valley Alarmed Over Tar-  
iff Agreement.

Fear Canadian Lands Would  
Benefit to Detriment of  
This Side.

Crookston, Minn., Jan. 30.—(Special to The Herald.)—The reciprocity agreement with Canada has been the paramount theme of discussion in the Red River valley ever since the scheduled wheat proposition, it is by no means unanimous.

The arguments advanced by many who are deeply interested in the prosperity of this section are mainly as follows:

It would be disastrous to American farmers if they were compelled to raise wheat in competition with Canadian farmers and would be an admission that our land was less fertile and that Canada offered better opportunities to the farmer than the wheat states here; the price of wheat in the market would not drop to the favor of the Canadian level, but the Canadian price would advance about half the difference and that an equitable price would result; the milling industry of the state would receive an immense impetus, vastly increasing their export business, and thus establishing a better market for wheat than the present one; because of the increase in the dairy industry in Minnesota, especially the northern section, to this state because of cheaper food which can be secured from Canada as dairymen in Manitoba are far behind this section and will be for many years.

Farmer Getting Worst of Tariff. To offset this there is a pronounced feeling that the agricultural sections of the country have been getting the short end of tariff benefits for years, and that for this reason an advantage is due them in the proposed agreement which they would not be getting with a free wheat arrangement. The strongest argument in favor of free wheat is taken on humanitarian grounds by some who believe that a reduction in the high cost of living the great problem of the age, and that the bread and butter problem for the masses should be the paramount consideration and that the Canadian wheat would mean cheaper flour, than the placing of wheat on a free list is fully justified from that standpoint alone.

Those favoring the free wheat argue that the opposition comes from great measure from a lack of full study of the problem and that the result would not be a detriment to the welfare of the prosperity of the farmers.

**CLOQUET V. M. C. A. SENDS DELEGATES**

To Attend State Convention  
at Albert Lea—Other  
Current Notes.

Cloquet, Minn., Jan. 30.—(Special to The Herald.)—It is expected that most of the delegates and several of the members of the Cloquet branch of the Y. M. C. A. will attend the state convention at Albert Lea, Feb. 16-18. The secretary of the branch, Charles Gross, goes to the convention especially to talk boys' conference and arrange for a meeting.

Many of the boys' department, and having for its sole object the advancement of the moral and physical of the boys. The managing board of the department have given Mr. Gross carte blanche and have agreed to stand back of him in anything he may think is for the benefit of the boys' department. This department is entirely independent of the senior and is an experiment yet being put through by the heads of the lumber companies operating in Cloquet. The managing board comprises J. T. Sheehan, H. G. Stevens and Albert Cox.

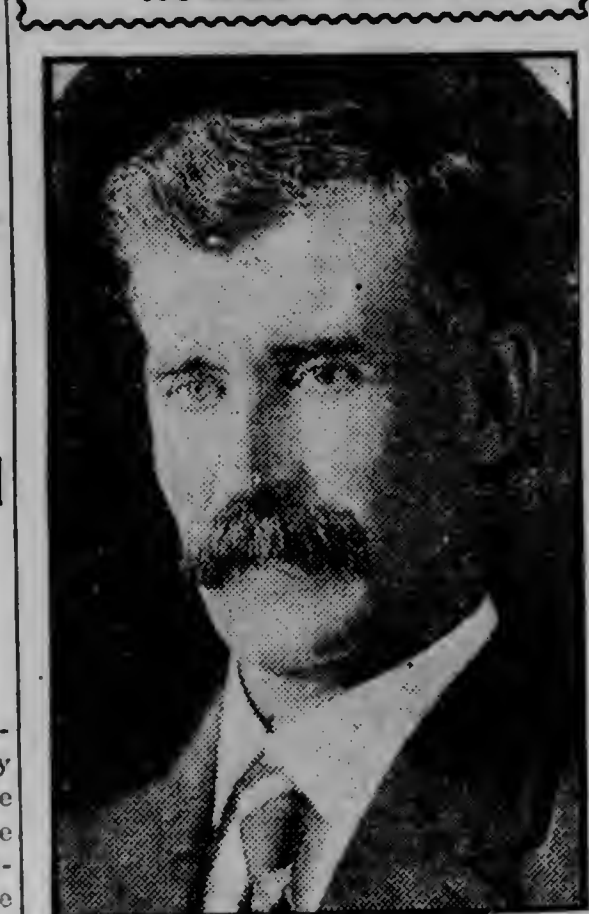

**Charity Ball Success.** The annual charity ball of the ladies' mercantile organization given Friday evening in the Nelson opera house, was a big success. A number of people from out of town, Duluth, Carlton, the range towns and St. Paul attended. The show was an eight-piece orchestra from Duluth. The ball room was decorated in wisteria tints, beautiful paper in the wisteria tints, beautiful festoons of blossoms hung from the ceiling.

### LIFE IN WALKER PROVED TOO SWIFT

For Bowbells, N. D., Man  
and He Spent Others Money,  
Then Confessed.

Bowbells, N. D., Jan. 30.—(Special to The Herald.)—J. Z. Dunwoody charged with the embezzlement of \$400 from the first standard grain company while employed by that firm at Columbus was sentenced to an immediate term of one to five years in the state penitentiary at Bismarck.

The sentence was suspended, the prisoner remaining in the county jail until the board of parole takes action.

Dunwoody gave himself up at Florence, Ariz., six months after he had committed the crime and after he had been in the state penitentiary for a few months.

He confessed that he had embezzled the money while he was in the employ of the grain company and that he had spent it on a trip to Europe.

He also confessed that he had been in the state penitentiary for a few months and that he had been in the state penitentiary for a few months.

### NEAL TREATMENT CURES IN THREE DAYS

Many a good man today is going through life with his ability and service discounted and his earning capacity very limited, because of drink. It would be good paying business to take the Neal Cure and remove that discount.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker, the habitual and excessive drinker, and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and eradicating the blood poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—no appetite for drink gone—no hang over.

NO HYPODERMIC INJECTIONS.

Refuse to take any treatment for the drink habit where hypodermic injections are given. They are liable to result in blood poison from the use of an infected needle, through the carelessness of the operator.

PLAIN CONTRACT GIVEN.

Each patient is given a plain contract, agreeing to effect a perfect cure in three days, or return the full fee paid. Call, write, phone or wire for free booklet giving full information, also for a copy of our contract and guarantee. Send. Everything confidential, bank reference cheerfully furnished.

### TO PLAY FOR BAGLEY CUP

Last Curling Event of Season Begun at Duluth Club.

Bonspiel for City Championship Will Be Held Feb. 22.

Announcement was made today of the draw for the Bagley cup contest by the curlers of the Duluth Curling rink. The event will not be played in bonspiel form, as The Herald and St. Louis trophy events are being contested at the present time, but will be played in squad style, which in reality gives each rink two chances instead of eliminating it after the loss of a game.

As planned at the present time, games of the morning draw will be played both at the Duluth Curling club and also at the West Duluth club. In this way it is believed that the curling in the event will be played sometime during the evening.

Following is the draw for the Bagley cup, the curling event of the present season will be fairly well cleaned up. It is possible that the Duluth club may send two links to the bonspiel which will be held at Portage, Wis., Feb. 8 to 11.

able to play the first sack at his old seat in the university. Last season, as a method of increasing batting, Cincinnati party suggests a ball fall on the equator, would produce a line so hot that Satan himself would duck the burning drive.

Keep this ready to fill in. Pitcher who has been secured by the team from the league, is said to be the biggest — games, and shut out nine batters in a row. Last season, he was over — feet tall and besides his wonderful pitching, bats over the mark.

Here Noman, once a Cub catcher, but traded to the Cardinals some years ago, will coach the Catholic university. This work there last year was a success. Peter will graduate from the Georgetown law school next June, and it is likely he will have nothing more to do with baseball.

Ivor Olson, the young shortstop of the Naps, secured from the Portland, Or., team, for next year, is the most highly spoken of young player that the Cleveland club has picked up, except Joe Jackson, for some years. Olson is 25 years old and was a bank clerk in Kansas City, Kan. He stood last year nine bases for the Portland team last year, which is a good record.

fore the council committee on ordinances and resolutions, composed of Aldermen Santer, Hoar and Hector. Considerable interest has been manifested in the proposed measure, and it is thought that it will be passed.

Up to the Commission. Attorney Leon F. Linn, who attended a conference on ore freight rates at St. Paul last week, said today that there have been no new developments in the controversy. Whatever may be the next step in the effort to persuade the Great Northern to take a tariff on iron ore remains to be determined by the Interstate commerce commission, which probably, if the contentions of the Northern Minnesota prevail, will order the road to establish the rate.

## CHINESE NEW YEAR IS QUIETLY OBSERVED IN DULUTH

Duluth Chinese yesterday, in a mild and very subdued way, celebrated the Chinese New Year.

The word subdued is used after inquiry concerning the way the day is celebrated in dear old China. There is riot and fun and frolic for two whole weeks in China; while yesterday, the leading members of the Duluth colony simply dropped around to the Mandarin and one or two of the other Chinese restaurants, exchanged good wishes, ate some special imported Chinese cakes and candy, and parted.

It was simply a get together day for some of the Chinese and the fireworks, the speeches, the wine and other features that have played big parts in the celebration of the new year in the native land of the Celestials, were called off.

According to the statement of several of the leading members of the Duluth colony, the Chinese restaurant had a special dinner for some of the best known of the local Chinese, which were served some specially prepared dishes. This was about the nearest to a formal celebration that Duluth saw.

At 10 o'clock, the Chinese restaurant had a special dinner for some of the best known of the local Chinese, which were served some specially prepared dishes. This was about the nearest to a formal celebration that Duluth saw.

## CURTAINS THE MARKET

Johnston Bill Restricts Shipments of Cream Unless It Is Iced.

Would Be a Hard Blow to Many Isolated Settlers.

Development of the dairy possibilities of St. Louis and the adjacent country is seriously threatened, it is declared, by a bill which has been introduced in the legislature by Senator Johnston of Todd county, the measure being known as Senate File No. 51 and provides, in the words of the bill, that:

"The shipment of cream for a distance of more than thirty miles, over any railroad line, and this section interpreted when shipment is made in a refrigerator car, shall be prohibited at all times effectively and in a thoroughly sanitary condition, unless said cream shall have previously undergone an effective process of pasteurization, the method of which shall be determined by the board of health."

Obviously the enactment of this measure would result in curtailing the market for the products of the scattered and isolated farms of Northern Minnesota, and from which the cream is shipped to headquarters for manufacture. Local country creameries, it is said, because the farmer who brings in his cream for sale must sell at the price set by the local creameries, would be forced to sell their cream at a loss, and the dairy products would be sold at a loss.

The copper market today was weak and neglected and few of the issues succeeded in working above yesterday's weak closing level. The exception was Amalgamated, which was stronger all during the session, and gained well over Saturday's close and today's opening.

Amalgamated opened at \$62, advanced to \$62.25 by steady buying and closed at that figure. Butte Coalition opened at \$19.75, advanced to \$19 and closed at \$19.75 and \$19.25 asked. Calumet & Arizona opened at \$49.25, advanced to \$49.25 and closed at \$49.25 and \$49.25 asked. Superior & Picher opened at \$14.25, advanced to \$14.25 and closed at \$14.25 and \$14.25 asked. Lake Superior opened at \$14.25, advanced to \$14.25 and closed at \$14.25 and \$14.25 asked. Lake Superior opened at \$14.25, advanced to \$14.25 and closed at \$14.25 and \$14.25 asked.

The Carman Consolidated Copper company, which has been waiting for some time, was reorganized Saturday with Fred Lerch of Milwaukee as president. The new board of directors is made up of the three officers and Hugo E. Peterson, former president of Stevens, Minn., and Matthew Fitzsimmons of Ironwood, Minn.

## INHERITANCE TAX LAW GRADED BY THE DEGREE OF THE RELATIONSHIP

New Measure That Is Favored  
By State Tax Com-  
mission.

House Votes for San Fran-  
cisco for the Panama  
Exposition.

Dunn's Good Roads Bills  
Made Special Order for  
Thursday.

(By a Staff Correspondent.)

St. Paul, Minn., Jan. 31.—(Special to The Herald.)—A new inheritance tax law, graduated not only according to the amount of the inheritance, but according to the degree of relationship, is proposed in a bill introduced in the house yesterday afternoon by Representative Thomas Kneeland of Minneapolis.

This is in accordance with the recommendation of the state tax commission, which suggested that the present law, grading the tax only according to the amount of the inheritance, should be amended by gradations according to relationship.

Mr. Kneeland's bill on inheritances of \$15,000 and under, proposes a tax of 1 per cent for wife or husband, 1 1/2 per cent for children, 2 per cent for brothers or sisters and their children, 4 per cent for uncles, aunts and cousins, and 5 per cent for any other degree of relationship.

## TO TAKE OFFICES OUT OF POLITICS

Bill to Eliminate Judicial,  
County and Municipal  
Offices.

St. Paul, Minn., Jan. 31.—(Special to The Herald.)—Judicial, county and municipal offices will be eliminated from partisan politics throughout the state if the Progressive Republicans and the Minneapolis Saturday Lunch club following succeed in having passed a proposed bill for a state-wide primary election. It will retain rigid party declarations in primaries for state officers, congressional representatives and members of the legislature. The idea is to be carried out by an amendment of the present primary law. Authors of the proposed measure say that it will cure some of the weaknesses of the present primary law as well as take the judiciary and local offices out of partisan politics.

Under the proposed measure the voter on registering will be asked what political party he affiliates. If he declares it, a record will be made of that affiliation. In voting at the primary for state, congressional and local officers, the voter will be confined himself to the candidates of that party. He will be given the ballot of that party only.

The Progressives will also present to the legislature a bill providing direct primaries for United States senators. They will move their support to initiative, referendum and recall measures and to the Hackney measure for a legislative reference bureau.

## MECHANICS' LIEN LAWS

Representative Borgen Has  
Bill to Protect Owners  
of Buildings.

Thinks Present Laws Too  
One-Sided for the  
Builders.

(By a Staff Correspondent.)

St. Paul, Minn., Jan. 31.—(Special to The Herald.)—Representative Anton Borgen of Duluth thinks the present mechanics' lien laws are altogether too one-sided, giving the contractors little possible safeguard and leaving the owners unprotected, and he has introduced a bill intended to help out the man who erects or repairs a building.

His measure amends the mechanics' lien law so as to allow the owner to withhold from the contractor enough money to meet the demands of all persons other than the contractor himself, having a lien claim on the premises for labor, and the owner may pay off these claims himself and deduct the amount from the contractor's claim.

It is also provided that any person having a lien claim must give notice thereof within thirty days after the last item of labor or materials is furnished, and the owner may require any such claimant to furnish an itemized and detailed account of his claim. No lien may be filed until ten days after such statement has been furnished. It is made the duty of the contractor to give the name and address of the owner.

## NEW BANKING DEPARTMENT

In North Dakota Proposed in  
Bill By Senator Mc-  
Dowell.

Bank Commissioner and Seven  
Examiners Are Pro-  
vided for.

Bismarck, N. D., Jan. 31.—(Special to The Herald.)—A bill introduced by Senator Wesley C. McDowell of La Moure county, president of the North Dakota Banking association, creates a separate state banking department and places all of the state banks, as well as other financial corporations, under the control and jurisdiction of the same. Senator McDowell, in preparing the bill, has had the assistance of a number of prominent members of the assembly and a very complete measure has been the result.

The state banking board is to consist of the governor, secretary of state, attorney general, and ex-officio, the president and secretary of the North Dakota Bankers' association. No compensation is allowed any member. The last named members have no vote in the affairs of the board. The governor is made the chairman, the attorney general is made the board's attorney, while the bank commissioner is to be the secretary.

## ARE VOTING ON NEW CHARTER

Radical Changes Proposed  
in the Government of  
St. Louis.

St. Louis, Mo., Jan. 31.—Citizens of St. Louis began to vote at 6 o'clock today on the adoption of a new charter. The polls will close at 7 o'clock. Certain union labor men declared their opposition to the document because it does not contain an initiative provision. Other opponents fear the mayor of the city will have too much power.

Frederick W. Lehmann, solicitor general of the United States, was the chairman of the Freeholders, who drew up the charter. He made two addresses in its behalf last week. The charter provides for a single legislative body, elected at large by all voters, civil service through the merit system and concentrating all executive and administrative power and responsibility on a few officers answerable directly to the people.

It calls for a referendum on franchises and will enable the citizens to recall any elected officer after eighteen months' trial. The charter, if adopted, will deprive the mayor of the power to control appointments.

Among other provisions in the new code are the establishment of a city printing plant, the publishing of a municipal journal and the prevention of the holding up of legislation for more than forty days in committee. The charter will prevent the leasing of city employees for political purposes and city employees and officials are forbidden to be members of political committees. The over-capitalization of public utilities corporations will also be prevented.

## NO CHOICE ON TWELFTH VOTE

Interviews Between New York  
Leaders Produced No  
Results.

Albany, N. Y., Jan. 31.—The interview between Charles F. Murphy, Tammany leader, and Senator Roosevelt, leader of the insurgents, last night, was the principal topic of conversation and speculation when the legislators gathered today to take the twelfth ballot for United States senator. Although both sides declared that the conference was without actual results, many regarded it as the opening wedge. A hint that it may be followed by more conferences raised hopes that the Democrats soon might find a way out of their present difficulties. An idea prevailed today that the meeting was the result of Governor Dix's efforts. Both conferences talked with the governor yesterday shortly before they met in William F. Sheehan's suite at the hotel.

The introduction of two of the most important "administration" bills yesterday providing for changes in the administration of the state highways and the large canal, showed the desirability of settling the senatorial question as soon as possible.

The twelfth ballot resulted as follows: Democrats—Sheehan, 32; Shepard, 10; Kernan, 9; Glynn, 3; Liffitt, 2; O'Brien, 2; Parker, 1; Sulzer, 1; Taylor, 1.

Republican—Depeew, 74.

Total vote cast, 186; necessary to a choice, 93.

## FIRE CAUSES PANIC.

Forty Young Women Are Driven  
Out in Their Night Clothes.

Baltimore, Md., Jan. 31.—A fire which caused a panic and for a time threatened the lives of forty young women students, destroyed the main building of the Maryland College for Women at Lutherville, Baltimore county, early this morning.

The blaze originated in the chemistry room on the first floor. The students fled to the campus, half clad, where they huddled in shivering groups. Later they were sheltered at neighboring cottages. The college, formerly known as the Lutherville seminary, was established in 1852.

## GERMAN ON HIS WAY TO THE SOUTH POLE

WILHELM FILCHNER.

There are three expeditions on the way toward the South Pole. The last to start was the German expedition under Lieut. Filchner, which is now on its way to Buenos Ayres. From that point it will start in October for the Antarctic and establish a base at the most available point in the remote South.

## MUST LEAVE ONE OR OTHER

Miners Do Not Want Mitchell  
Associated With Em-  
ployers' Class.

Will Probably Have to Quit  
Union or the Civic  
Federation.

Columbus, Ohio, Jan. 31.—By a vote of 416 for and 341 against the proposition the international convention of nine workers of America, in session today, adopted a report of the constitutional committee, which recommends an amendment to the constitution affecting the membership. Under the rules of the organization over 100 delegates demanded a roll call on the question.

The amendment, if carried by the roll call vote, will require John Mitchell either to forfeit his position with the National Civic Federation or sever his connection with the United Mine Workers. The amendment stipulates that all miners becoming mine bosses, superintendents, members of the national civic federation or other organizations allied with the employers class, shall be ineligible to the membership of United Mine Workers.

The roll call vote will take up the greater part of today.

## JUMPS TO HER DEATH

Woman Surrounded By Fire  
Makes Spectacular Leap  
to Ground.

New York Fireman Badly  
Burned in Attempting  
to Save Her.

New York, Jan. 31.—One woman jumped to her death and two were probably fatally burned in a spectacular fire which practically destroyed a four-story tenement building in Sixth avenue today. Search of the ruins was begun for the body of another woman believed to have perished. Two firemen were injured in rescuing the score of occupants of the burning building.

The dead woman was Mrs. Mary Cella, and the most seriously injured are her two daughters, Nellie and Lizzie. Flames drove the firemen back from the top floor apartment, where the Cellas lived. The women were on the fire escape when the rescuers raised extension ladders.

Mrs. Cella was enveloped in flames. Fireman Millward shouted to the Cellas not to jump, but just as he was reaching the top of the ladder Mrs. Cella, screaming with agony, climbed over the railing and leaped. Millward stretched out his arms in an effort to catch the woman, but she slipped through his hands. Her body shot downward to the roof of the extension fifty feet below. When she was picked up she was dead.

Millward, although badly burned, continued up to the fire escape landing and rescued the two daughters, beating out the flames on the nightclothing of the girls. Millward was badly burned.

## LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from drugists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty-cent and one-dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention The Duluth Daily Herald.

## WHAT POOR COST COUNTY

### Board Has Paid Out \$10,000 in the Last Three Months.

### Report of Poor Commissioner Contains Some Interesting Statistics.

The report by Poor Commissioner Charles Shogran for three months past, October, November and December, which has just been filed with the county board, shows that it has cost the county \$10,062.24 to maintain its poor families and unfortunate during that time.

But few people know of the immense amount of work done by the poor board, and its clerk, who is in direct charge of the work, states that the number of people to be cared for is on the increase rather than on the decline.

For instance yesterday the poor farm automobile was called on to meet three trains at the union depot and care for sick persons who were without means. The sick and disabled people who come from the range, are one of the biggest expenses of the poor board.

Improvements made at the farm during the past three months amounted to \$2,588.16. These improvements include the remodeling of the barns, the repairs to the silo and the starting of the work on the new system of sewerage.

The board and care of people outside the farm amounts to \$1,292.34. This includes the deserted families who have to be cared for at the Bethel, home, the ones supported at the Bethel, and those who come from the range, sick and without means.

The temporary relief bill amounted to \$1,932 during the last three months. This money was all paid out in checks or orders on grocery stores for \$1.00. This money is for the purpose of helping families until they can help themselves. For fuel for those who were not able to buy it, \$520 was expended. For clothing, \$46 was expended. Mr. Shogran says that nearly this full amount was expended for children's shoes. Transportation cost the board \$121.84. This means the railroad fare of those brought here from the range and other parts of the county. To state institutions \$456.52 has been paid. The county has paid for the care of the state school for the feeble minded at Fairbault, Minn. It costs St. Louis county \$30 a year for each person sent there.

The sum of \$639.99 has been expended for burials. There were more than 150 burials last year. Those who die on the range and have to be buried there cost the county more. In Duluth the county maintains a graveyard and the home ambulance is used to convey the body from the undertaking establishment to the grave. Thus the burials cost the county but very little here in the city, as a local undertaker provides the caskets at \$5 apiece.

In salaries \$990 has been paid out. Other expenses which include stationary and medicines amounted to \$249. At \$18,974.70 was expended for the running of the poor office at the county house, the farm being for the people from the range, the maintenance of people from this county in state institutions, and in repairs and new equipment for the farm.

The office and the farm are being run as cheaply as possible, but it costs real money to feed a great number at the poor farm and in other ways care for all the poor people who are thrown from day to day on the county for support.

There are a great many more of them than one would imagine and a glance at the accounts in the poor commissioner's office would surprise almost any casual reader as to the great amount of work done and the large number cared for.

## WILL COMPLETE DOUBLE TRACKING

### Union Pacific and Southern Pacific to Expend \$75,000,000.

New York, Jan. 31.—The executive committee of the Union Pacific and Southern Pacific lines today voted to complete double tracking of the lines from the Missouri river to San Francisco. They also voted to double-track the Oregon Short Line from the junction with the Union Pacific main line at Granger, Wyo., to Huntington, Ore.; also the line along the Columbia river in Oregon to Portland, a total of 1,675 miles.

The cost of the double-tracking of the lines as determined upon today will aggregate upwards of \$75,000,000, which will be distributed over a period of five years.

## UP ON THURSDAY.

### Ways and Means Committee to Consider Reciprocity Bill Then.

Washington, Jan. 31.—The ways and means committee of the house decided today to take up the Canadian reciprocity bill in executive session next Thursday for the first consideration of the measure. Senator Knox, upon his intimation that he would like to be heard on the bill, was invited to appear to explain the details of the agreement. The committee has not determined when the procedure upon the bill will be the plan that will be followed in bringing it before the house.

## SNEAK THIEF GETS \$267

### Woman Lays Her Bag and Purse on Counter While Shopping.

### Friend Comes In; Conversation; Consternation; Desperation; and Police.

While shopping at the fire sale of the Wieland Shoe company on West First street between Second and Third avenues, Mrs. Ljubo Bogicevich, wife of one of the prominent young attorneys of the city, was robbed of \$267.80, which she was carrying in her handbag, yesterday afternoon. Mrs. Bogicevich is a member of the law firm of Goldberg & Bogicevich.

Mrs. Bogicevich was carrying the money in her handbag. She had \$200 in \$20 bills. The bills were inserted inside the leaves of an American Exchange bank book, while the balance was in change in a small purse which was carried inside the handbag. She was on her way to deposit the cash at the American Exchange bank.

While going downtown she dropped into the Wieland Shoe company to look at a pair of slippers. While trying on a pair she laid the handbag on a nearby counter, thinking to keep her eye on it. But in the meantime a lady friend entered the place and the two engaged in conversation. She neglected to keep track of the handbag. When she arose to leave it was nowhere in sight.

She immediately notified the men in charge of the store and the police, causing a thorough search to be instituted. At one of the counters further down towards the end of the store the handbag was discovered, but the money was missing. At still another counter the small purse was found and also been filled with its contents. Detectives from headquarters took the purse immediately, but up to date they have discovered no clue to the identity of the thief.

Mr. Bogicevich states that he will pay a reward of \$100 for the return of the money.

For either acute or chronic kidney disorders, for annoying and painful irregularities, for gravel and kidney pills. An honest and effective medicine for kidney and bladder disorders. Sold by all druggists.

Not alone a luxury, but a necessity. Heimbach's "Double Wear" rubber heels.

## LAST CALL FOR ARMY VETERAN

### Alex Longmuir, Civil War Hero, Dies at St. Luke's Hospital.

Alex Longmuir, 75 years of age, one of the oldest residents of Duluth, died this morning at St. Luke's hospital of complications resulting from old age.

Mr. Longmuir was well known in this city. He was a veteran of the Civil war and a member of Willis Gorman post, G. A. R., which will probably have charge of the funeral services. Mr. Longmuir enlisted as a private in Company E, First Michigan light artillery, in 1862, serving in that capacity until 1864. At that time he was promoted to second lieutenant of Company H, Twelfth United States colored artillery. During the summer of 1864 he was quartermaster in charge of the prison barracks at Louisville, Ky.

Mrs. Mary Porter of Birmingham, Mich., one brother Garvin, Longmuir of Detroit, Mich., and one adopted daughter, Mrs. Harry Schein of this city. The funeral arrangements have not been completed.

## Threw Away His TRUSS!

### Strenuous Old Sea Captain Feels the Doctors and Cures Himself.

No man or woman who is ruptured—no matter how long it has been—can need despair of being cured.

Threw away the truss. The case of Capt. W. A. Collings gives encouragement for all sufferers from rupture. Capt. Collings suffered a double rupture—and was confined to his bed for years. No truss could hold such a rupture. Many physicians examined his case and pronounced an operation necessary. Capt. Collings kept experimenting on himself and finally to the astonishment of his friends he was cured. He has never had a return of the trouble.

Capt. Collings sends his discovery to all people who are ruptured. If you will send the coupon below, he will mail you entire free a truss of your own size. This costs you nothing and you are sure to be benefited. So mail the coupon now.

## WANTED HIS SON WHIPPED

### Duluth Man Makes Unusual Request of the Probation Officer.

### Didn't Want Lad to Follow in Footsteps of Boy Bandits.

For the first time in his life Col. F. E. Rescho, probation officer, has been asked to thrash a child by the parent.

The stern officer walked into the office this morning and asked Col. Rescho to do the job and the colored promised to look the boy over and decide on the best system of punishment. He will be brought into juvenile court Saturday morning and if loud wails are heard from the boy's private life in the office, it will be understood that he has decided on the whipping process.

Col. Rescho said that he would make no rash promises. He was evidently taking no chance as to what the father would say by the description of the father. It was the most unusual request ever made to the probation officer.

The father is a traveling man and during the time being for he knew that his son could remain at home but a few days. Before boarding a train on a long trip this morning the father visited Col. Rescho and asked him to do the job. It didn't take the colored long to find the boy and make him promise to be in juvenile court for a hearing Saturday morning.

The father, Col. Rescho, said that he didn't want his son to get into trouble as Melodrowski and Algot Johnson did. He was afraid of the boy and his reason he reported the case of his own son to the police. He said that he would rather have him sentenced to the training school.

Col. Rescho said that the Melodrowski-Johnson matter has made a deep impression on him and he took more closely after their children.

## AMUSEMENTS

### TONIGHT'S ATTRACTIONS.

ORPHEUM—Vaudeville.  
EMPIRE—Vaudeville.  
ODEUM and LYRIC—Photoplay.

### Green Room Gossip.

On next Tuesday evening comes Pixley & Luder's old musical favorite, "The Burgomaster." Gus C. Weinburg in the name part, and by the way a warm Duluth favorite, will be welcomed by the audience. "The Burgomaster" is a long and varied career. Mr. Weinburg never had a part which he didn't make a success of. As Peter Stuyvesant in this merry musical. The large presenting company in this year's production is exceedingly clever. "The Tale of The Kangaroo," an original song, is numbered among the song hits in "The Burgomaster." Manager William P. Cullen, it is said, has made a sumptuous production for this year's tour.

"The Burgomaster" has not been seen in Duluth for years, and this revival with the original burgo-master, should be a big drawing card.

Arthur Lavine, who is presenting "The Flying Drednought" at the Odeum and Lyric theaters, will make a tour of Europe in his old act in a peculiar way. While making a tour of Europe in his old act in which he used just the automobile, he played the city of Berlin. As the Germans have no machine performances, Mr. Lavine used to go down to the cafes to while away the time. It was about this time that Zepplin was making his sensational flights and one afternoon, Mr. Lavine saw him in the air and he immediately conceived the idea of an act using a dirigible balloon.

"The Flying Drednought" is a big scenic act in which there is plenty of catchy music and clever comedy and in addition to the dirigible balloon, mounted the water which, when there is a taxicab around which one is centered. The finish of the act is very novel as well as surprising and laugh producing.

Large crowds are being attracted to the Odeum and Lyric theaters to see the new photographic play which are being presented.

Strong shows are holding forth at both houses and people are making an evening's amusement by attending both theaters.

"Love of An Enemy" is a strong drawing card at the Lyric, and many have come to see this picture a second time, so strong an impression did it make.

"Her Husband's Brother" is the title of a comedy reel that is also very popular. "Mr. Mistachkin sings 'Let Me Call You Sweetheart'." The song is new and is well rendered.

At the Odeum, "Fates Turning," tells a story that cannot fail to appeal to all those who like the short, quick-acting dramas presented in reel form. "Coward or Hero" is almost a problem play acted in a few minutes, but it takes longer than that to decide which. "When the Moon Swings Low" is being sung by Miss Maddox.

## BIG CLASS INITIATED.

### Brainers Orientals Take in Fifty-Seven Candidates.

Brainers, Minn., Jan. 31.—The Orientals initiated a class of fifty-seven candidates. The ceremonies at the Oriental temple were held in the evening. The Deewood delegation of fifteen members were unable to meet for the ceremony. The candidates were Col. C. D. Johnson, state senator, deputy to the speaker of the house, and the officers of the organization are Judge J. T. Sanborn, grand vice president; J. J. Nolan, grand high priest; Charles H. Rattiger, secretary; Judge C. A. Albright, grand inner guard; and Charles H. Rattiger, grand outer watch. A splendid luncheon was served.

Remedy, Minn.—Robbers broke the display window of George T. Baker & Co. in Duluth, Saturday night, and took from the window three watches and chains, the loss amounting to \$100. No trace can be found of the robbers.

## SKI RIDERS IN ACTION

### Moving Pictures Will Be Taken of the Duluth Tournament.

### Films Will Be Shown in All Parts of the World.

C. R. Bosworth is in the city with a moving picture machine for the purpose of taking pictures of the ski riders who will compete in the big tournament of the Duluth Ski club, Feb. 12. Mr. Bosworth is with the Lyman Howe Travel Festival and as far as is known this will be the first time on record that moving picture films were ever made of a ski tournament and it will be the first time that any moving pictures have ever been taken in this city.

As Lyman Howe has four companies on the road, the pictures taken here will be a great advertising medium for Duluth. The moving picture machine will be rigged up along the side of the hill, where the camera will catch the riders in mid air. During the course of the day the picture man will move his machine to different positions, so that he will catch the riders in different attitudes.

Mr. Bosworth will also get a picture of an ice boat in motion before he leaves the city. He is arranging at the present time for this picture. One of the fastest ice boats at the Head of the Lakes will be secured and several different views taken.

As far as Mr. Bosworth knows there have never been any moving pictures taken of a ski tournament and he has been taking pictures all over the world where the moving picture machine is known.

## COLD SNAP HALTS DANGEROUS FLOODS

### The Monongahela River Is Now Falling Rapidly.

Pittsburg, Jan. 31.—The crest of the flood passed Pittsburg today at 6:45 o'clock and the Monongahela river, which put out the dangerous amount of water to reach expectations is due to a sudden cold snap which froze countless little tributaries that were feeding the stream. Comparative little damage was done.

## YOUNGEST MEMBER OCCUPIES THE CHAIR.

Washington, Jan. 31.—Polite Elvins of Missouri, the youngest representative in congress, occupied the speaker's chair for half an hour last night while the roll of the house was being called in the tariff board bill fight. Speaker Cannon called Elvins to the chair and turned over the gavel to him while the speaker mingled among his colleagues on the floor. Elvins is 32 years old.

## GET CURED

### of Blighting Weakness and Poisonous Diseases

There are thousands of partially and totally wrecked constitutions among men today from ignorance, neglect and indiscretions in early life. Their weakened vitality, shattered nerves and exhausted energies tell a pitiable story. Multitudes have brought upon themselves the horrors of disease and weakness through these causes, which sap the very foundations of manhood, and destroy their health and strength, leaving them mental and physical wrecks, clouding the brightest minds and destroying all noble thoughts and aspirations; family circles disrupted and the poisonous fangs reaching out and blighting even succeeding generations.

WE HAVE CURED THOUSANDS of men in Duluth, for we have been in practice in this city for over twenty years. Don't make the mistake of going to inexperienced doctors or those which go from one town to another, nor to those doctors which treat everything and everybody. They will experiment on you while we have passed this stage many years ago and either cure a man or we tell him that nothing can be done for him if his case is incurable. We have the most modern equipment for curing men's diseases for which we spend more than \$5,000. We guarantee to cure you of Stomach Trouble, Catarrh, Lung Trouble, Contagious Poison, Eczema, Pimples, Rupture, Piles, Kidney and Bladder diseases, Urinary Discharges, Stricture, Skin Diseases, and all lingering, chronic and contagious men's diseases. We give you a written guarantee of a cure. Consultation free from 9 to 8 p. m. every day. Sundays, 10 to 1. Patients out of town may write for symptom blank if they cannot call.

### ARE AFTER CITY WATER

Residents of New Duluth, 100 Strong, Ask Extension of Mains.

Commercial Club Will Be Formed at the Western Suburb.

New Duluth people want city water. To bring the matter before the public, a New Duluth Commercial club is being organized. Initial steps were taken last evening at a mass meeting held at the New Duluth Maccabees hall, the suburbanites turning out over 100 strong.

The New Duluthians will ask the city to spend \$50,000 of the \$100,000 water bonds for the purpose of extending the water mains from the present terminal at Seventy-first avenue west to the steel plant site and on to New Duluth.

At the mass meeting last evening, Rev. Peter Knudsen, was chosen temporary chairman and will preside over all future meetings until a permanent organization is effected. L. C. Tower, New Duluth postmaster and merchant, was selected as secretary of the temporary organization.

New Duluth people are now using well water for practically all purposes and have long wanted recognition from the city in the matter of extending the water mains to the suburb. The sense of the meeting last evening was that the time is now ripe for the improvement, as the city is about to host a big issue of water bonds.

A resolution was passed at the meeting stating in effect that it was the request of New Duluth people that \$50,000 of the bond issue be used in the work of extending the water mains through Spirit Lake, Southville, the site of the steel plant and to New Duluth.

Fires of supposedly incendiary origin last summer have hastened the agitation for city water at the suburb. Considerable property, the residents declare is at the mercy of firebugs, until they have proper fire fighting facilities. Although some steps have been taken in that direction, much more remains to be done, they claim.

The organization of the New Duluth Commercial club is primarily for the pushing of any project which is for the betterment of civic conditions at the suburb. Another meeting will be called in the near future.

### DEATH SUMMONS MIDWAY PIONEER

Gustav Lehto, Aged 77, Dies at Home on Morris-Thomas Road.

Gustav William Lehto, a settler at the head of the Lakes for the past thirty years and a well known Midway farmer, died today at his home at Pine Hill on the Morris-Thomas road, near Midway. He was 77 years of age.

Two years ago his wife died. He is survived by two sons and a daughter, Emil and Adolph and Mrs. Hilda Hennila. All were at his bedside at the time of his death. He had been ill for some time and death resulted from a complication of diseases, incident to old age.

Mr. Lehto was one of the pioneers of the Midway farming district and is well known not only among the farmers, but to most of the earlier Finnish settlers in Duluth. The arrangements for the funeral have not been completed.

LEAVE FOR FLORIDA.  
Joseph Cochrane and Other West Duluthians Purchase Fruit Farms.

Joseph Cochrane, a former well known resident of West Duluth who, for the past two years, has engaged in the lumber business at Gilbert, Minn., in West Duluth today renewing acquaintances. He is on his way to Florida where he will locate on a farm and engage in the business of raising fruit and vegetables. Mr. Cochrane for a number of years was superintendent of considerable building construction work at West Duluth.

Bert Abbott will accompany him to Florida. J. J. Laumann of West Duluth has just returned from a visit to Florida and states that he is much impressed with the country. He has purchased a fruit grove near Santa Rosa and will move his family there in the spring.

FIND MAN'S COFFIN OUT OF ITS GRAVE  
Believed Attempt Has Been Made to Get Body of Sautley.

Stanford, Ky., Jan. 31.—The coffin containing the remains of George B. Sautley, who was a prominent lawyer and whose family is prominent socially, was found yesterday above his grave in the Sautley cemetery early today. Whether the body has been removed from the coffin has not been ascertained, as the authorities refuse to allow any one to approach it until the arrival of bloodhounds. These will be put on the trail of the persons who disturbed the box.

One end of the lid is loose and the tracks of a man and woman in mud are on the lid.

A strange woman tried to get the body several months ago by having the caretakers of the cemetery exhume it but they refused. The grave was afterwards guarded for several weeks. Sautley died suddenly last March.

BATTLESHIP TAKES BODY TO VALPARAISO.  
Norfolk, Va., Jan. 31.—The battleship Delaware sailed from Hampton Roads today carrying to Valparaiso, Chile, the body of the late Chilean minister, Don Anibal Cruz, who died in Washington last year. The body arrived from the national capital early today on the president's yacht, the Albatross. A national salute in minute guns was fired from Fort Monroe and the ships in the roadstead during the transfer of the body.

ACTING MAYOR OF CANANEA MURDERED.  
Cananea, Mex., Jan. 31, via El Paso.—Francisco Portillo, first alderman and acting mayor of this place was assassinated yesterday. The assassin is in jail. The killing gave rise to the report that rebels had taken the town. Sahuaripa, Sonora, has been taken by the federal forces again. Last Friday the federals surrounded the town and fighting began at once. On Friday the rebels were routed. Severiano Talamantes, former federal colonel, commanded the rebels and is a prisoner.

## SUPERIOR WOMAN SUSTAINS SERIOUS BURNS

Mrs. F. Garcelon Runs for Fire Hall When Clothes Catch Fire.

Mrs. Frederick Garcelon, aged 25, had a narrow escape from being burned to death today at her home, 1807 Hughtitt avenue. She ignited her clothes while searching for something in an upstairs closet with a lighted match and with the burning garments clinging to her she ran through the house into the street and in the direction of the Eighteenth street fire hall, near the Garcelon home.

She stumbled in the street, but some of the firemen saw the woman and hastened to her. They tore the burning clothes from her body and wrapped blankets around her. She was assisted to her home and is now under a physician's care. She is said to have a good chance for recovery.

WILL REPORT UNFAVORABLY.  
Little Probability That City Will Deed Stinson Lands to State.

The proposition to deed a portion of the Stinson lands now owned by the city, to the state for an experimental farm will probably be reported on unfavorably at the council meeting tonight.

Chairman Morrisset of the committee states that he is in receipt of a letter from Dean Russell of the agricultural college, who writes that a bill has passed the legislature providing for two permanent stations, one at Spooner and the other one yet to be located.

The Stinson lands, between the South and East ends are considered by the committee as being too valuable and the city favors giving a long time lease another tract of land outside of the city limits.

TOWN BUILDS BRIDGE WITHOUT COUNTY AID.  
The town of Superior has awarded to the Heinemann Bridge company of Minneapolis a contract for the construction of a bridge across the Nemadji river on the Black River. The road to cost \$2,400. The span will be 166 feet and the job is to be completed by March 10. The bridge will be helped from the county in order to construct the bridge, but was refused an appropriation.

New Business Block.  
Paul Gappa has plans for the erection of a two-story brick and stone building to cost about \$20,000 at 1811 Broadway street. The site is on the north side of the thoroughfare, just west of Banks avenue.

Last Day for Taxes.  
Today is the last day for the payment of property taxes to the city treasurer's office. The taxes not settled today will be turned over to the police department for collection. Total collections to date amount to over \$30,000. Already one check for \$10,000 has been received from the Pittsburg Coal company.

## CONFESSES TO KILLING COUPLE

John Sears Says He Murdered Rev. Amzi Armstrong and Wife.

Trenton, N. J., Jan. 31.—A confession that the common-law wife of the defendant made was admitted as evidence today in the trial of John Sears, who is being tried for the murder of the Rev. Amzi Armstrong and Mrs. Armstrong at their home near Dutch Neck, N. J., on Thanksgiving eve. Supreme Court Justice Reed overruled the objection of counsel representing Sears and admitted the confession, which County Detective James H. Kirkham testified Sears had made in his presence. According to the detective, Sears confessed that he had shot the aged couple without provocation. The Rev. Rudolph Norhaus of New Brunswick, who was a friend of Sears, testified that Sears told him that he (Sears) was worth \$100,000 and that he owned the Armstrong house.

Postmaster at Watford, N. S., Gives Himself Up to Authorities.

Sydney, N. S., Jan. 31.—After having eluded police and postal authorities for several weeks, William O'Neill, the postmaster of Watford, gave himself up yesterday to answer to the charge of stealing from the mails a package containing \$7,500 in cash. The money belonged to the Watford branch of the Bank of Nova Scotia. The Watford agent of the bank addressed the package to the Sydney branch of the bank and registered it at the Watford postoffice. The package did not arrive at Sydney and when an investigation was begun it was found that O'Neill was missing. A few days later O'Neill gave the package to a clergyman in Truro, requesting that it be delivered to the Truro branch of the bank. O'Neill then disappeared again but returned to Cape Breton yesterday and surrendered to the authorities.

# Fortieth Anniversary Dividend Sale

## A Great Money-Saving Opportunity

Forty years ago this store opened its doors to Duluth women, almost at the threshold of Duluth's history. No other store hereabouts can approach in years of service such a record. Stores have come and stores have gone in that time, but ours has been a record of prosperous and everforward merchandising, based upon sterling honesty of purpose and dealing thru all these years of storm and fair weather, trying year by year to deserve even more the implicit confidence our patrons have placed in us.

How well we have succeeded in this purpose Duluth women are best able to say. But this we know,—that our material progress has always been eminently satisfactory to ourselves and our friends. With this prosperity in view we propose, on this 40th Anniversary, to express our appreciation by doing what no other store we know of has ever done before.

In return for all these years of prosperity we propose to distribute a dividend to every patron of this store during the month of February in the form of a

Yardmaster Says He Knew Nothing About Defective Breaks on Car.  
New York, Jan. 31.—Oscar Kruger, yardmaster in charge of the New York Central yard here, denied positively today's hearing of the inquest into the explosion which cost thirteen lives on Dec. 19 that he knew anything about the alleged defective condition of the brakes on the train which is believed to have caused the accident. His testimony was in direct contradiction of that given by Albert A. Zagrocki yesterday, in which Zagrocki declared that he had notified the yardmaster the brakes were out of order before starting on his run.

LONG AND SHORT HAUL.  
Provisions of the Existing Law Will Not Become Effective Feb. 17.

Washington, Jan. 31.—It appeared today, through an order issued by the interstate commerce commission, that the so-called long and short haul provision of the existing law will not become effective until the commission shall have had opportunity to pass upon the merits of applications made by the railroads for relief under the section.

On Oct. 14 last the commission issued an order authorizing until Feb. 17, 1911, such changes in the rates and fares of interstate carriers as ordinarily the carriers might desire to make.

In the order promulgated today it is recognized that there is a necessity for the further suspension of the operation of the long and short haul provision until the commission shall have passed upon the applications of the roads for relief from the requirements of the provision.

LIQUOR CASE ON TRIAL.  
George O'Toole Charged With Selling Alcohol to a Minor.

Charged with furnishing liquor to a minor, George O'Toole of Proctor is standing trial before Judge Cant and a jury in district court.

John Pachen, the lad to whom it is alleged O'Toole sold the liquor, is but 11 years of age.

He was seized by his mother to the saloon with money to pay for alcohol. He secured it, he claimed on the witness stand, and took it home. The mother told the same story on the stand.

O'Toole stated that the lad did come to his saloon, but that he refused to serve him.

BIG SHOW NEXT WEEK.  
Second Parliament of King George Opens With Little Ceremony.

London, Jan. 31.—The second parliament of King George assembled today with little ceremony, the spectacular function being reserved for next Monday, when the king and queen will open the proceedings in state. Mr. Lowther was re-elected speaker.

The week will be devoted to the swearing in of members and meetings of political factions to decide the course which they will pursue with regard to the veto bill and other big measures of the session, which it is expected will have a notable place in British history.

## SEES CHANCE OF DEFEAT

Senator Cheadle Says Reapportionment Bill Will Be Bitterly Fought.

Public Affairs Committee Hears Talk on Pending Legislation.

Senator Harry W. Cheadle was called upon at last evening's meeting of the Commercial club public affairs committee to tell about the work of the legislature, and in the course of a brief talk he said that the prospects for success in the fight for reapportionment are not of the best. He made no gloomy predictions on that score, but it was apparent that he will not be surprised if no reapportionment law is enacted.

"Reapportionment" would increase the representation of one-third of the districts now existing," he said, "and would decrease the representation of the other two-thirds. Naturally, the two-thirds of the districts not exhibiting any particular eagerness to increase the representation of the other third at their own cost."

At the meeting, the question of increasing the salaries of county officers came up. Chairman W. A. McGonigle expressed doubt that the people of the county were prepared to bear an additional burden of taxation to meet the wishes of numerous county officials who desire to have their compensation largely increased, and the subject was referred to the executive committee with power to act.

Senator Cheadle mentioned the subject in his talk and said that he had prepared a resolution on it for presentation to the senate, but he did not say what was the nature of that resolution. He said he would be glad to hear an expression of opinion by the committee on this question which might guide the delegation at St. Paul.

Chairman McGonigle advised the senator that the public affairs committee will confer with the delegation at the capital in connection with the reapportionment bill. The same committee was entrusted with the grand jury's suggestion that the commercial club consider the advisability of building a new county jail. The recommendation of this committee is in opposition to the bill passed by the house to discontinue the printing of return envelopes for government contracts.

The state and county committee reported adversely on the suggestion made by the New York World that a check on the published record of the non-official public. The idea seemed to meet with favor and was referred to the municipal committee.

The municipal committee reported a resolution calling upon the city authorities to collect the wheeltax and dog license with more energy and thoroughness, and it was adopted.

A committee from the National Business League was also present.

ment intention of avoiding the mountain trails where chances of another ambush by the insurgents were many. The federalists flanked. The rebels under Jose de la Cruz Santos and J. Cruz, quickly divined Dorantes' purpose. The result was a sharp battle, and when his file attempted to pass through a canyon at San Juan, a terrible rain of bullets pelted down upon them. The command dashed. The rebels charged them. A fierce fight ensued. Slowly the federalists were backed in the direction of Cuichillo Parrado. The insurgents are hurrying reinforcements to San Juan. The federalists are completely cooped up.

Sunday a column of more than 300 pronunciamientos passed through Mulato to aid in the fight against the column of Col. Dorantes. Part of these men are from Cuichillo and took part in the battle. Another detachment was organized opposite Boquilla, Tex., and two companies joined a third organization of about 100 men at Mulato. These three companies are now in front of different directions upon Dorantes' column. The insurgents declare that they will never be permitted to return to town, but will be cut to pieces in the foothills.

## HIBBING MAY GET EXPERIMENT FARM

State May Start One Near There for Benefit of Farmers.

Hibbing, Minn., Jan. 31.—(Special to The Herald.)—From the report of Secretary Lewis of the Commercial club, there is every probability Hibbing will secure an experimental farm as soon as the department in St. Paul can arrange it. The growing importance of agriculture of this district is so well realized at the state capital that a promise has been made that an experimental farm will be established near here. The site for the farm has not yet been decided on but several locations have been mentioned, and each will be carefully looked over before the choice is made. Some great interest is being taken in the project by the farmers, and others who are interested in agriculture, and horticulture, and there will be many friends to help it along when the time comes.

## VIRGINIA CLUB RAISING COIN

Commercial Club Provides \$1,000 for Immediate Use in Dividing County.

Virginia, Minn., Jan. 31.—(Special to The Herald.)—The Commercial club last night voted to raise \$2,000 for the Iron County Development association in its campaign for county division. Of this \$1,000 will be available at once and the balance given to the committee as it is needed. President Arnold appointed two additional members on the finance committee, which is now composed of Mayor Andrew Hawkins, William Rooney, A. D. Herftage, John A. Kennedy, H. H. Heford, R. L. Griggs and J. H. Fleming. The membership committee also will endeavor to increase the membership of the club from 200 to 500.

Mr. Arnold, in outlining the campaign for county division, said he wanted to impress on the people of the north end of the county that county division would decrease the expense of conducting the affairs of the county as compared with the cost of running the affairs of the county at the present time. He said all the money now pouring into Duluth would be kept upon the ranges. The big interests alone would save at least \$250,000 annually by having a new county up here. The mining companies, he said, would save this amount yearly in taxes, which are now going to Duluth in a lump sum of \$500,000.

The club went on record as favoring Hibbing as the logical point for the mines experimental station and favoring \$50,000 for the purchase of the school of mines at the state university, and passed a resolution instructing Senator James P. Boyle to represent C. T. Knapp and John A. Herftage in their efforts to secure a bill provided the difficulties existing between the members of the Virginia City band were solved, the Commercial club being the father of the organization, and to let the band members appointed to settle the difficulties. A breach between its members has arisen on account of a selection of a band leader, some wanting one and some another. An advisory committee of six members, three selected from the members of the band and three from the Commercial club will be appointed.

A vote of the members of the Commercial club was taken at the banquet given the visiting delegates at the Iron county convention, in a manner in which he opened the business session.

## STRIPPING WILL SOON COMMENCE

Removing of Overburden at Longyear Mine to Be Begun in Spring.

Hibbing, Minn., Jan. 31.—(Special to The Herald.)—Work on the new stripping contract for the Longyear is expected to commence about May 1. Butler Bros. who have the contract are not at the present time doing any other stripping work in this immediate vicinity and will not commence until the frost is well out of the ground. The contract is a big one and will require a heavy equipment. The firm will move all their machinery, engines, steam shovels, and other plant required onto the ground before commencing the work. It is understood that they will start to move onto the work about the middle of April, commencing stripping in earnest on May 1.

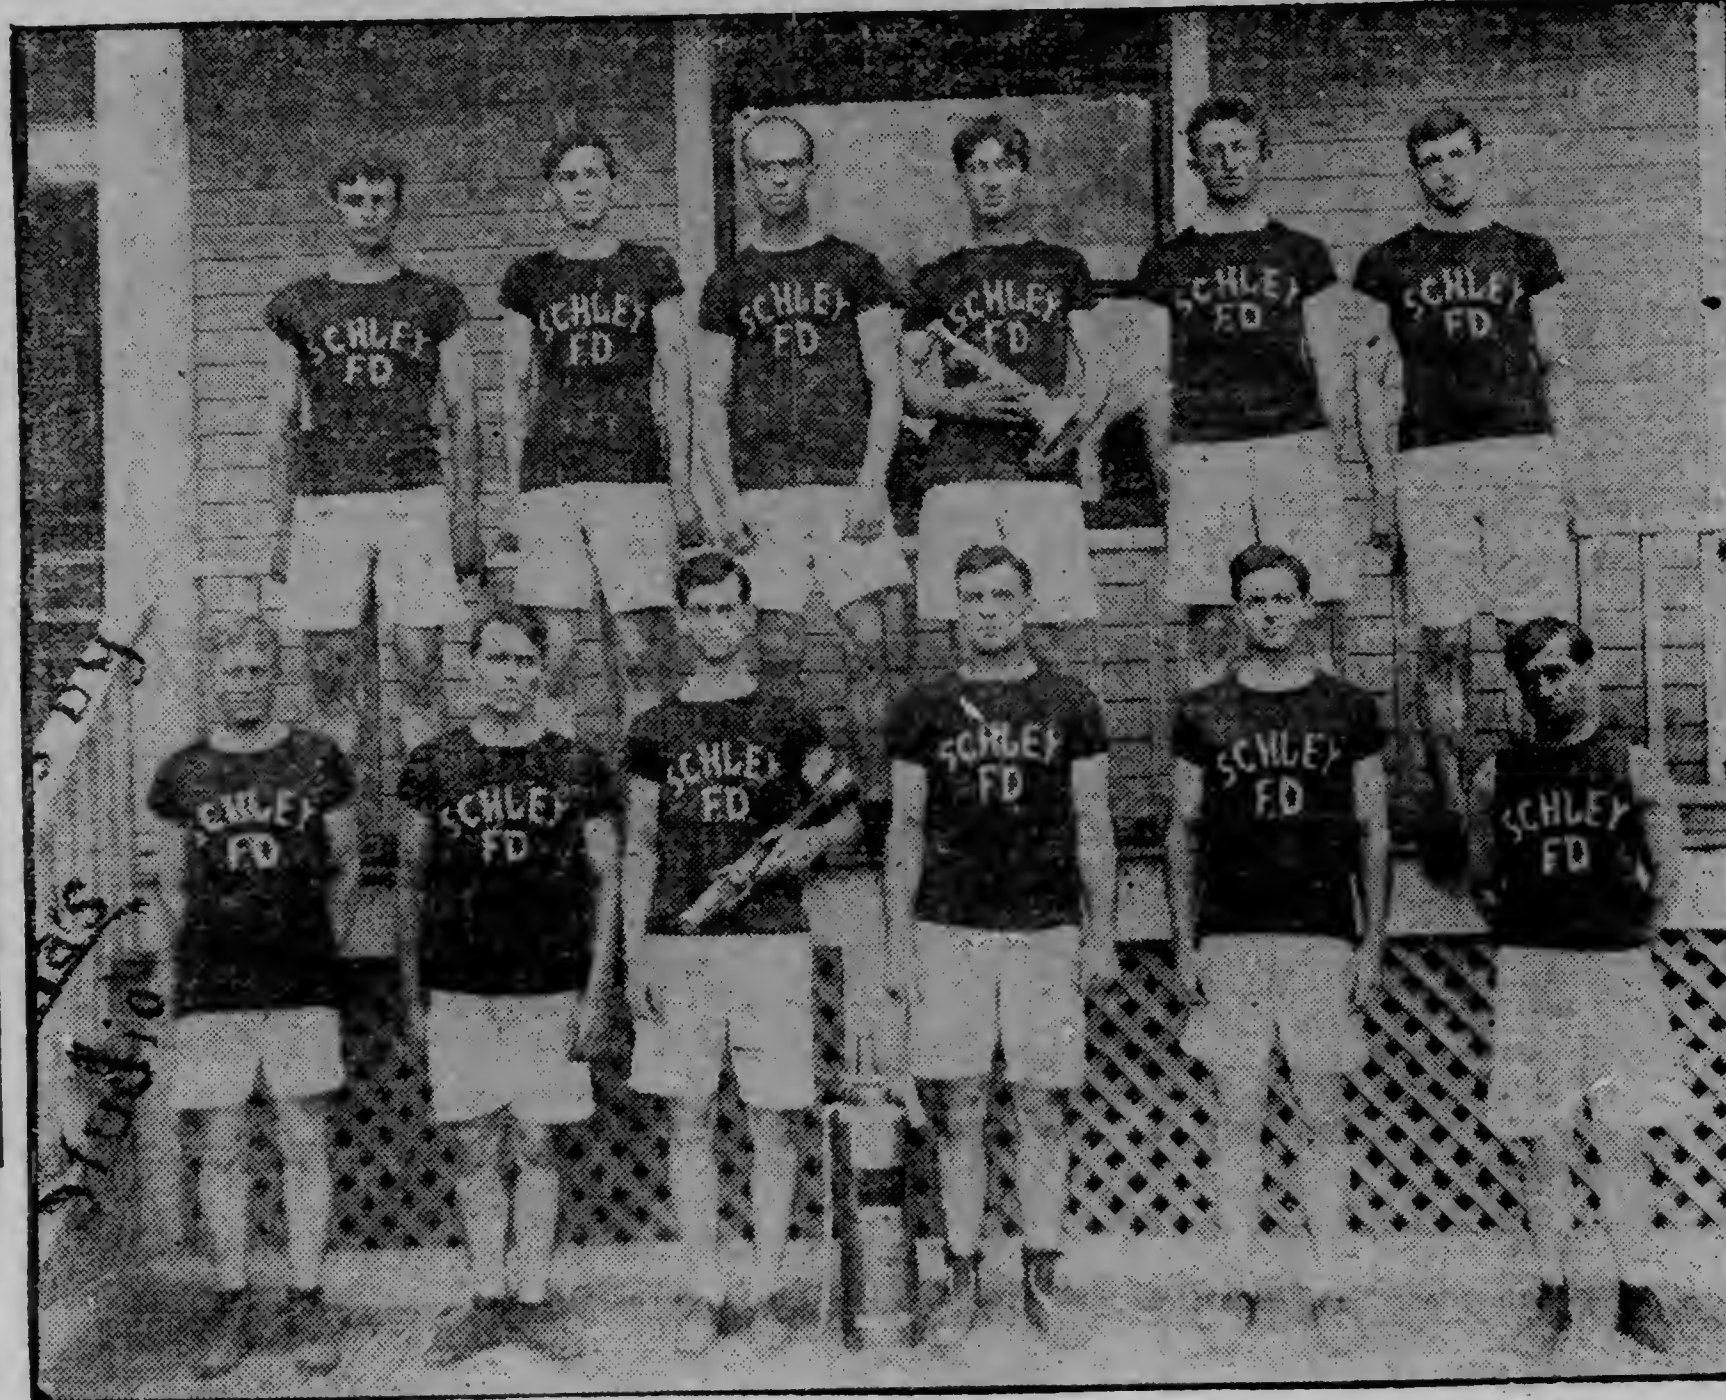

**Drake & Stratton to Move.**  
Supt. Baine of the Drake & Stratton company will return next month when the initial steps for the removal of the machine shops and warehouses of the company will be taken. The new site will probably be left for the final decision of the general manager on his return from Florida, but several possible and likely locations will be looked at and measured up when Mr. Baine gets back. The firm have already moved their offices from their old building on Railroad street to the fine brick block owned by A. P. Sullivan on Third avenue, and when the

## What Pink Cheeks—Red Lips?

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby, too. Well known physicians assert that the regular administration for several months, of three-grain hypodermic tablets, will greatly improve the color, add to the weight, make the skin pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.

For insomnia, headache, neuralgia and rheumatic pain, take Blackburn's Pain-Away-Tablets.

new site for shops and warehouse is chosen the improvements and extensions which have been planned for some time will be carried out.

**Other Stripping Plans.**  
It is stated that work on the Buffalo & Susquehanna stripings will open up again early in April. The Winston & Dear company, who have the contract for the stripping were well ahead of their contract when they closed two weeks ago, and some doubt was felt as to when they would recommence activities. Supt. Hanson of the Winston & Dear company is expected back to the city and unless another very cold spell occurs late in March so as to make the ground hard to handle for the steam shovels, there is every reason to believe that work on the Buffalo stripings will be going on before the first week of April comes to an end.

## KEGS AND BOTTLES TAKEN INTO COURT

To Be Used as Evidence Against Alleged Blind-piggers at Eveleth.

Eveleth, Minn., Jan. 31.—(Special to The Herald.)—Paul Gustafson, who has been arrested on a warrant issued by Judge Vivian Prince yesterday, was released on \$100 bonds pending trial tomorrow.

Two kegs of beer, fifty empty beer bottles and other liquor articles were brought to jail by the officers as exhibits in the case.

## HIBBING NEWS NOTES.

**Mining Captain Wearne Has Moved Into His New Home.**

Hibbing, Minn., Jan. 31.—(Special to The Herald.)—Capt. Wearne, the well-known mining superintendent, has just been able to get into his new home. The structure although not of medium proportions is all that can be desired as regards convenience and domestic comfort, and has been equipped with every modern appliance. The decorations are plain and tasteful, and the captain is being congratulated on his new habitation.

Mrs. D. M. Power is in New York on a purchasing expedition.

General Manager Thompson, who is spending the winter in Florida at the home of ex-Senator Hawkins, president of the Drake & Stratton company, is reported to be improving in health amidst the warm surroundings of the South. Mr. Thompson, who suffers severely from asthma, during the winter

## TWO HARBORS DEBATING TRIO TO MEET PINE CITY

FROM LEFT TO RIGHT—EDWIN STRAND, CARL OLSON, LEROY PEGELOW.

Two Harbors, Minn., Jan. 31.—(Special to The Herald.)—The debating team of the local high school defeated the Duluth Centrals on Dec. 22, at Duluth and also the Ironing Industrial high last Thursday night in a debate held here. They will now go up against Pine City, Feb. 10, at Two Harbors. This is their first year in the State Debating league, and so far it has been a success. The Pine City—Two Harbors debate is for the championship of the Eighth district.

months, was taken quite seriously ill on two occasions shortly before Christmas, and considerably unwellness was felt for his condition, but the good tidings that have lately been received from Florida remove any anxiety that was felt by his friends as to his ultimate recovery. Mr. Thompson will probably not return until late in April, or early in May.

**RECEIVE MANY ESSAYS IN EVELETH CONTEST.**

Eveleth, Minn., Jan. 31.—(Special to The Herald.)—The close of the civic improvement essay contest came today with the receipt of about fifty essays from the high school and eighth grade students. To assure fairness the contestants were requested to sign fictitious names.

The second semester of school began yesterday. Civics, commercial geography, higher algebra, solid geometry, and the half year subjects that have been added to the regular curriculum, are the new features of the school year. A range high school basketball tournament will be held this season, to include Grand Rapids, Hibbing, Virginia, Ely, Two Harbors, Cloquet and Aitkin and Eveleth.

The second term of the local night school will be open this evening at the Fajal school.

**ENTERTAINERS DELIGHT TWO VIRGINIA AUDIENCES.**

Virginia, Minn., Jan. 31.—(Special to The Herald.)—Mariano Stalfano, indicted by the grand jury for third degree assault, has been arrested. It is charged that Jan. 1 in Hibbing, he shot at Dan Decco. He is also indicted for having pointed a loaded revolver at Fred Miller, at Hibbing, on the same date. A third indictment charges him with carrying concealed weapons. He was arraigned before Judge Hughes and entered a plea of not guilty.

George Migen, indicted for selling liquor without a license, pleaded guilty and Judge Hughes fined him \$100 and costs, which he paid.

**Big Damage Suit On.**  
The case of Adolph Gustafson against the Union Ore company, is on trial before a jury. Gustafson is suing for \$20,000 for injuries alleged to have been sustained April 26 in the employ of the defendant, at its mine near here. He alleges that while sinking test pits, through the negligence of the company, he was overcome with gas at the bottom of the pit and sustained injuries from which he has never fully recovered. It is expected that the case will go to the jury some time this afternoon.

## EVELETH CANNOT FORGIVE DURAND

Still Sore at Census Head for Not Including All in Count.

Eveleth, Minn., Jan. 31.—(Special to The Herald.)—Figures from the census department show 1,010 people in the First ward, 1,283 in the Second ward, and 1,721 in the Third ward, have been received and met with popular approval but there still much disappointment in the failure of the census bureau to include the population of the Fourth, Fifth and Sixth wards that were added to the city, three days after the start of the taking of the census. The figures also show 1,741 people in the Fajal township, part of which is now known as the Fourth ward of this city. The largest number of the township residents reside in the Fajal location, which is but four blocks from the city hall.

The official letter of protest formulated by Mayor Jacob A. Saari, and signed by D. E. McIntyre, has been forwarded to Census Director Durand, and the answer to the same is being eagerly awaited.

## WHY MANY MEN DRINK

The Reasons Are as Numerous as the Drinkers, for Each Has His Individual Cause.

### NEAL INSTITUTE CURES IN THREE DAYS

The cause that drives one man to drink would not be considered by another drinker, and each thinks the cause of the other no reason at all for drinking. When the drinker fully realizes his situation he then takes the Neal three-day cure, no matter why he drank. He acts from principle.

#### A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker, the habitual and excessive drinker, and the nervous man who has to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood of the poison by a rapid system of elimination, leaving

the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

#### NO HYPODERMIC INJECTIONS.

Refuse to take any treatment for the drink habit where hypodermic injections are given, for they are liable to result in blood poisoning from the use of an infected needle, through the carelessness of others.

## COMPROMISE OR DIGNITY

No Definite Action Taken on Regulation of Indecent Shows.

Affidavit Will Only Advertise Immoral Performance, Says Rabbi Lefkovits.

Following the public hearing of the Moore theater ordinance regulating the character of public shows, exhibitions and moving pictures, in the council chambers yesterday afternoon, the council committee on ordinances and resolutions thrashed the matter out and with the attorneys of the opposing sides, tentatively agreed upon a compromise.

The compromise ordinance was not submitted to the council last night, but after it is reshaped, it will likely be passed in the morning. The ordinance, which will be passed after the hearing, provides that the service of an affidavit signed by two people, stating that the show is improper, shall constitute conclusive knowledge that the manager knew the show or exhibition was improper. The objections of the theater men were presented by Attorney C. E. Adams.

At the committee meeting Attorney Morgan agreed that he would not object to having the ordinance read that the service of such an affidavit shall be prima facie evidence if left at the box office, but that it should be conclusive if served personally upon the manager, owner or licensee. The difference in the ordinance was that the affidavit would enable the defendant to submit rebuttal testimony while if it were conclusive the defense would have no opportunity to shift the burden of proof. It was also agreed that the affidavit shall be signed by five people instead of two, at least two of whom shall be men. All must be adult residents of the city.

**No Time Limit.** The theater men claimed that the ordinance in its present form has no time stipulation, which does not give them a fair chance. At the committee meeting it was stipulated that the affidavit shall be served at least forty-eight hours in advance, before the performance, and six hours' notice shall be given for a second performance. In opening his argument, the theater men Attorney Adams stated that if immoral and indecent shows have been given in Duluth, it was not because of lack of an ordinance regulating them, but lack of sufficient interest on the part of the citizens. He said that the blame was largely upon the public, the police and the city.

Attorney E. M. Morgan, who drew the ordinance at the request of the Women's Council, stated it is a strange thing that if the present ordinance is sufficient, there have been no prosecutions under it. He declared that the provisions of Section 6, to which the other side took such exception, were the only thing in the ordinance which would make it effective. He said that it would stand any constitutional test and agreed that there ought to be a time provision, but that it might be better if the affidavit were signed by five instead of two people.

Attorney Albert Baldwin spoke briefly in favor of the ordinance as proposed, as did Rev. John W. Powell. Rabbi Lefkovits suggested that a group of ten people to act as censors of plays. He made a new point when he said that if some theater manager had a poor drawing show on the boards, he might take advantage of the ordinance to fill the house. He declared that he could easily get several persons to serve such affidavits and then publish the show as objectionable, would be a big drawing card, as hundreds of people would flock to see it for the reason that it was supposed to be immoral or indecent.

### PINE RIVER RURAL PHONE LINE PROSPERS.

Pine River, Minn., Jan. 31.—(Special to The Herald.)—At a meeting of the Pine River Rural Telephone company held here, officers for the ensuing year were elected as follows: President, W. A. Lake Superior Land Congress Instead of the Tri-State Fair.

Commercial Club Committee Does Not Think Time Ripe for Fair.

While the proposal of the Superior Commercial club that Duluth co-operate with the Wisconsin city in arranging for a tri-state fair to be held there annually is admittedly an interesting one, it is felt in this city that it is not at this time a practicable one, and the special committee of the Duluth Commercial club has so reported its report was received at last evening's meeting of the public affairs committee and its as follows:

"Your sub-committee and as many of the Duluth people with whom we have had an opportunity to consult, are favorably impressed with the arguments set forth by the committee appointed by the Commercial club of Superior, under the benefits to be derived from a tri-state fair.

"We submit, however, the following: "1. Time—A fair of the scope proposed should have all of a year for preparation. We believe, therefore, that it is inexpedient to plan for establishing such a fair this year. "2. Money—It is proposed to conduct the fair on a basis of \$100,000. The committee believes a much larger sum will be required to make a fair representation of the great exhibition with attractions that would appeal to people who must come long distances to attend.

"Assuming that \$100,000 would be secured, the committee cannot undertake to raise this year, its proportion of that sum. The Commercial club is bound not to make any appeal to its members and the community for a substantial fund for our own purposes, which has been subscribed, and the subscription for the new Bethel in which an attempt to gather \$150,000 was unsuccessful, for the \$100,000 was subscribed, and the call for \$25,000 for fire relief preclude the possibility of starting a subscription in Duluth for an entirely new object with any hope of its being obtained.

"Organization—While an administrative body might be formed by concerted action of the Duluth and Superior boards of trade, it is questionable whether sufficient interest could be aroused to make this fair successful. The Northern Minnesota Development association, which is a work that cannot be accomplished in a few months. ### SLAIN OFFICER BORNE TO GRAVE

Last Rites for Cass County Deputy Sheriff Who Was Shot Down.

Walker, Minn., Jan. 31.—(Special to The Herald.)—The Elks and the Red Men conducted the funeral services here yesterday for Deputy Sheriff McCabe, who was killed Friday last, while trying to serve a search warrant on C. N. Smith at his home on the shores of Leech lake. Many members of the two orders joined with sorrowing relatives and friends in the last rites. Rev. Mr. Parshall of the Episcopal church, brother Elks, officiated.

### Accused Pair Bound Over.

Smith and his wife waived a preliminary hearing when arraigned before Justice of the Peace Dare and were held to the grand jury without bonds for murder. A petition was also filed in probate court praying for a guardian for the 7-year-old daughter of the Smiths. The little girl will be taken to the state school at Owatonna.

## TAFT TALKS RECIPROCITY

Recalls Utterances of Late President McKinley on the Matter.

Proposed Agreement Will Establish Permanent Commercial Union.

Washington, Jan. 31.—The last public utterances of President McKinley in favor of reciprocity, made the day before he was assassinated at Buffalo, were recalled last night by President Taft in an address at the Ohio society's anniversary banquet in commemoration of the McKinley birthday.

Many men associated with President McKinley in public life and prominent Ohioans were present. Justice Day, Secretary Knox, Secretary Wilson, Secretary Dick of Ohio, were among the speakers.

The broadening effect of the national responsibility McKinley had had to carry, said President Taft, "shows in his mind and feet will profit by adopting a sanative, curative and tonic foot wash. It is really marvelous what relief and freedom from foot-soreness follows."

### Feet Troubles Overcome.

Every clerk, policeman, housewife or person who is compelled to spend the greater portion of their time standing on their feet will profit by adopting a sanative, curative and tonic foot wash. It is really marvelous what relief and freedom from foot-soreness follows."

Obtain a 2-ounce package of villane powder and to a gallon of hot water add a teaspoonful; also a tablespoonful of salt. Then immerse the feet from 10 to 20 minutes every night until all the poisons, soreness and congestion are removed. Corns, callouses, bunions, are relieved promptly. Excessive sweating, cold feet, tired, swollen and aching feet will soon be unknown. This is without doubt the most effective treatment for the feet ever published.

### A Nurse Says:

"In many years of nursing here, some of our best doctors have some times given me samples for my own personal use. I have never found any cathartic or laxative equal to Blackburn's CascaRoyal-Pills, for they are mild, thorough and have no bad after-effects. While I can get Blackburn's CascaRoyal-Pills, I shall not use any other, and I think the CascaRoyal-Pills ought to be in every home, thus saving many a sick day."

## TELLS YOU HOW TO CURE A COLD

Most Severe Cold and Grippe Misery Relieved In a Few Hours.

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach, or limbs, is a dose of **Pape's Cold Compound**—every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or harm, after-effect, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade, I could not sleep on the left side, and was so short of breath that I could not take a full breath again. The least excitement would bring on the distressing palpitation. I had scarcely taken a half-bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

## YOUTH SAYS HE SAW ACT

Aneta Boy Claims He Saw Summerfield Cause Kenneth McKenzie's Death.

Startling Statement Seeking to Fasten Awful Crime on Milnor Man.

Lakota, N. D., Jan. 31.—(Special to The Herald.)—If the statement 15-year-old Clyde Sperry of Aneta, N. D. son of Mr. and Mrs. M. I. Sperry, has made to States Attorney S. G. Skulason of Nelson county is borne out, the prosecutor has secured a most damaging piece of evidence against Louis Summerfield of Milnor, now in custody of Sheriff Johnson of Nelson county, charged with causing the murder of Kenneth McKenzie, the young son of a well known citizen of Aneta, several months ago, when he was burned to death by means of oil being poured on his clothing and fired.

Young Summerfield, in his statement on the night of the crime, he says he saw Summerfield after having poured oil from the lantern the latter had carried, onto the little fellow's leg and touch a match to it.

The affair started as a joke, so far as young Sperry knew, and he was not aware of Summerfield's intentions to set fire to the McKenzie boy until too late.

Fright seized the Sperry boy's lips up to the present time, he claims, but he has finally confessed to the authorities every detail of the night's events. The circumstances surrounding the affair, as shown by his statement, apparently clear him from any direct connection with the crime, which was without a parallel in the entire Northwest.

## FAIR SECRETARY'S JOB IS THANKLESS

W. R. Mackenzie Will Let Some One Else Run Beltrami County Fair.

Bemidji, Minn., Jan. 31.—(Special to The Herald.)—W. R. Mackenzie, secretary of the Northern Minnesota Development association, has resigned as secretary of the Beltrami County Agricultural association, a position he has occupied for the past four years. Mackenzie makes the suggestion to the business men that they place the management of the affairs of the agricultural society in the hands of the Beltrami club, and that the Beltrami Commercial club act in a like capacity for the fair association. It is altogether likely that this suggestion will be adopted.

## A THRILLING ESCAPE.

Party Fishing on St. Mary's River Has Very Close Call.

Sault Ste. Marie, Mich., Jan. 31.—Leap from cake to cake of the floating logs in the St. Mary's river Sunday night, two men and three women reached shore safely after a thrilling experience. The party, spending the evening in fishing, in a shanty out on the river when a fifty-mile gale arose and the river was in flood. Caught in the rapids, was driven down stream with terrific force. The fishing shanty, the log began to break and the party started for the shore. The women and one of the latter, jumped from log to log in the darkness. The men took turns in helping the women and one of the latter, jumped from log to log in the darkness. This is the sort of hotels you find in three year old Gulf Coast towns.

The settler in the Gulf Coast meets with no discomforts. He is not forced to camp out until he has built his home; the country is not in an experimental stage; the towns are so close together that the new farmer can lodge his family at splendid hotels until he has completed his improvements.

The Gulf Coast is twenty years ahead of any region on the continent. Its lands are richer, its crops are more bountiful, its facilities more numerous.

Its record is unparalleled; it has made more men prosperous in less time, and there is still time for you to get in on the ground floor and enjoy the same prosperity.

Plenty of cheap land still to be had; every crop that can be raised in the Southwest does its best here. The first season usually returns the entire investment and often shows a profit to boot.

It won't cost you much to visit this country and judge for yourself. Every first and third Tuesday of each month you can purchase a round-trip Landseekers ticket to any point in the Gulf Coast country of Texas, from Chicago at \$30.00, and from St. Louis or Kansas City at \$25.00.

Through standard and tourist sleeping cars are operated by the Frisco Lines from either of these points.
